Stand True and Do Their Best
And We Will Always Be There
To Help You Meet the Test
Yea Pirates! Let's Go!

MASCOT: Pirate
COLORS: Red, White, & Black

SPIRIT

School Spirit! What is it? It is almost impossible to define since it is a feeling or an atmosphere made of the feelings and behavior of students and community. However, there are many characteristics of good spirit, which are plainly visible to the visitor. It is that feeling of loyalty and pride toward your school. School spirit is that feeling that makes you keep trying; it is that feeling of joy when you win, or that feeling of pride in knowing that you have tried and have done your best if the clock runs out before you can win. It is the excitement of the game; the hushed respect for the school song, the appreciation shown for the effort of others; these feelings go toward making each of you Martinsville Pirates.

REQUIRED FORMS

Acknowledgment of Electronic Distribution of Student Handbook

My child and I have been offered the option to receive a paper copy of or to electronically access at www.martinsvilleisd.com the Martinsville ISD Student Handbook and Student Code of Conduct for 2016–17.

I have chosen to:

- Receive a paper copy of the Student Handbook and Student Code of Conduct
- Accept responsibility for accessing the Student Handbook and Student Code of Conduct by visiting the web address listed above.

I understand that the handbook contains information that my child and I may need during the school year and that all students will be held accountable for their behavior and will be subject to the disciplinary consequences outlined in the Student Code of Conduct. If I have any questions regarding this handbook or the Code of Conduct, I should direct those questions to the principal at (936) 564-3455 Ext. 107.

Notice Regarding Directory Information and Parent's Response Regarding Release of Student Information

State law requires the district to give you the following information:

Certain information about district students is considered directory information and will be released to anyone who follows the procedures for requesting the information unless the parent or guardian objects to the release of the directory information about the student. If you do not want **Martinsville ISD** to disclose directory information from your child's education records without your prior written consent, you must notify the district in writing by September 7th, 2016 or within ten school days of your child's first day of instruction for this school year.

For the following school-sponsored purposes: Martinsville ISD has designated the following information as directory information:

- Student's name / Address / Telephone listing / E-mail address / Photograph / Date and place of birth
- Degrees, honors, and awards received / Dates of attendance / Grade level
- Most recent school previously attended / Participation in officially recognized activities and sports
- Weight and height, if a member of an athletic team
- Enrollment status

This means that the district must give certain personal information (called "directory information") about your child to any person who requests it, unless you have told the district in writing not to do so. In addition, you have the right to tell the district that it may, or may not, use certain personal information about your child for specific school-sponsored purposes. The district is providing you this form so you can communicate your wishes about these issues. [See **Directory Information** on page 12 for more information.]

Directory information identified only for limited school-sponsored purposes remains otherwise confidential and will not be released to the public without the consent of the parent or eligible student.

Parent: Please circle one of the choices below:

I, parent of _____ (student's name), **(do give)** **(do not give)** the district permission to use the information in the above list for the specified school-sponsored purposes.

Parent signature _____ Date _____

Please note that if this form is not returned within the specified time frame above, the district will assume that permission has been granted for the release of this information.

Parent's Objection to the Release of Student Information to Military Recruiters and Institutions of Higher Education

Federal law requires that the district release to military recruiters and institutions of higher education, upon request, the name, address, and phone number of secondary school students enrolled in the district, unless the parent or eligible student directs the district not to release information to these types of requestors without prior written consent. [See **Release of Student Information to Military Recruiters and Institutions of Higher Education** on page 13 for more information.]

Parent: Please complete the following only if you **do not** want your child's information released to a military recruiter or an institution of higher education without your prior consent.

I, parent of _____ (student's name), request that the district **not** release my child's name, address, and telephone number to a military recruiter or institution of higher education without my prior written consent.

Parent signature _____ Date _____

Please note that if this form is not returned with the other materials identifying what the district considers directory information, the district will assume that permission has been granted for the release of this information.

Consent/Opt-Out Form

Dear Parent:

The district is required by federal law to notify you and obtain your consent for or denial of (opt-out) your child's participation in certain school activities. The activities include any student survey, analysis, or evaluation, known as a "protected information survey" that concerns one or more of the following eight areas:

1. Political affiliations or beliefs of the student or student's parents;
2. Mental or psychological problems of the student or student's family;
3. Sexual behavior or attitudes;
4. Illegal, antisocial, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom the student has a close family relationship;
6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or parents; or
8. Income, other than as required by law to determine program eligibility or to receive financial assistance under such a program.

This notice and consent/opt-out requirement also applies to the collection, disclosure, or use of student information for marketing purposes ("marketing surveys"), and to certain physical exams and screenings.

Following are potential activities requiring parental notice and consent or opt-out for the 2016–17 school year. Please note that this notice and authority to consent transfer from the parent to the student when the student reaches 18 or is an emancipated minor under state law.

Principal’s Greeting

Dear Parents:

Let me take this opportunity to welcome you to Martinsville ISD. Our district is well known throughout the area because we take pride in providing our students with a great educational experience. Our dedicated, professional faculty and staff are second to none. Our goal is to facilitate a safe and productive learning environment for each child along with challenges to help them accomplish more than they think is possible.

This handbook is designed to provide important and useful information in regards to our procedures and expectations. If you have any questions, or need information that is not found in the handbook, please feel free to give us a call at (936) 564-3455.

To help us to achieve our goals, we encourage you to involve yourself in your children’s ongoing educational development. You are a vital component to our success. Close cooperation between students, teachers and parents is key to enabling your student to reach their highest potential.

We look forward to a great 2016-17 school year filled with student success in a variety of areas. We are here to serve you and your children and we are dedicated to doing both of these tasks very well.

Sincerely,

Monty Pepper-Principal
Martinsville ISD

PREFACE

To Students and Parents:

Welcome to school year 2016–17! Education is a team effort, and we know that students, parents, teachers, and other staff members all working together can make this a wonderfully successful year for our students.

The Martinsville ISD Student Handbook is designed to provide a resource for some of the basic information that you and your child will need during the school year. In an effort to make it easier to use, the handbook is divided into two sections:

Section I—PARENTAL RIGHTS AND RESPONSIBILITIES—with information to assist you in responding to school-related issues. We encourage you to take some time to closely review this section of the handbook.

Section II—OTHER IMPORTANT INFORMATION FOR STUDENTS AND PARENTS—organized alphabetically by topic for quick access when searching for information on a specific issue.

Please be aware that the term “parent,” unless otherwise noted, is used to refer to the parent, legal guardian, or any other person who has agreed to assume school-related responsibility for a student.

Both students and parents should become familiar with the MISD Student Code of Conduct, which is a document adopted by the board and intended to promote school safety and an atmosphere for learning. That document may be found on the district’s website at www.martinsvilleisd.com and is available in hard copy upon request.

The Student Handbook is a general reference guide only and is designed to be in harmony with board policy and the Student Code of Conduct. Please be aware that it is not a complete statement of all policies, procedures, or rules that may be applicable in a given circumstance.

In case of conflict between board policy (including the Student Code of Conduct) and any provisions of the Student Handbook, the current provisions of board policy and the Student Code of Conduct are to be followed.

Also, please be aware that the Student Handbook is updated yearly, while policy adoption and revision may occur throughout the year. The district encourages parents to stay informed of proposed board policy changes by attending board meetings. Changes in policy or other rules that affect Student Handbook provisions will be made available to students and parents through newsletters or other communications. The district reserves the right to modify provisions of the Student Handbook at any time, whenever it is deemed necessary. Notice of any revision or modification will be given as is reasonably practical under the circumstances.

Although the Student Handbook may refer to rights established through law or district policy, the Student Handbook does not create any additional rights for students and parents. It does not, nor is it intended to, create contractual or legal rights between any student or parent and the district.

If you or your child has questions about any of the material in this handbook, please contact a teacher, the school counselor, or the principal.

Also, please complete and return to your child’s campus the following forms provided in the forms packet distributed at the beginning of the year or upon the student’s enrollment:

1. Acknowledgment of Electronic Distribution of Student Handbook form;
2. Notice Regarding Directory Information and Parent's Response Regarding Release of Student Information form;
3. Parent's Objection to the Release of Student Information to Military Recruiters and Institutions of Higher Education form, if you choose to restrict the release of information to these entities; and
4. Consent/Opt-Out Form.

[See **Objecting to the Release of Directory Information** on page 20 and **Consent Required before Student Participation in a Federally Funded Survey, Analysis, or Evaluation** on page 21.]

Please note that references to policy codes are included so that parents can refer to current board policy. The district's official policy manual is available for review in the district administration office.

SECTION I: PARENTAL RIGHTS

This section of the Martinsville ISD Student Handbook includes information related to certain rights of parents as specified in state or federal law.

CONSENT, OPT-OUT, AND REFUSAL RIGHTS

Consent to Conduct a Psychological Evaluation

A district employee will not conduct a psychological examination, test, or treatment without obtaining prior written parental consent unless the examination, test, or treatment is required under state or federal law regarding requirements for special education or by the Texas Education Agency [TEA] for child abuse investigations and reports.

Consent to Display a Student's Original Works and Personal Information

Teachers may display students' work in classrooms or elsewhere on campus as recognition of student achievement.

However, the district will seek parental consent before displaying students' artwork, special projects, photographs taken by students, original videos or voice recordings, and other original works on the district's website, a website affiliated or sponsored by the district, such as a campus or classroom website, and in district publications, which may include printed materials, videos, or other methods of mass communication.

Consent to Video or Audio Record a Student When Not Otherwise Permitted by Law

State law permits the school to make a video or voice recording without parental permission for the following circumstances:

- When it is to be used for school safety;
- When it relates to classroom instruction or a co-curricular or extracurricular activity; or
- When it relates to media coverage of the school.

The district will seek parental consent through a written request before making any video or voice recording of your child not otherwise allowed by law.

Prohibiting the Use of Corporal Punishment

Corporal punishment—spanking or paddling the student—may be used as a discipline management technique in accordance with the Student Code of Conduct and policy FO(LOCAL) in the district's policy manual.

- The student will be told the reason for the corporal punishment.
- The principal or assistant principal, or their designee may administer the punishment.
- The instrument to be used will be approved by the principal.
- The punishment will be administered in the presence of one other District professional employee and out of view of other students.
- A record will be maintained in each instance of corporal punishment.

If you do not want corporal punishment to be administered to your child as a method of student discipline, please return the form included in the forms packet to the campus principal stating this decision. A signed statement must be provided each year if you do not want corporal punishment to be administered to your child.

You may choose to revoke this prohibition at any time during the year by providing a signed statement to the campus principal. However, district personnel may choose to use discipline methods other than corporal punishment even if the parent requests that this method be used on the student.

The District will honor a parent's request that discipline methods other than corporal punishment be used. Alternative disciplinary measures used shall be consistent with the offense.

Limiting Electronic Communications with Students by District Employees

Teachers and other approved employees are permitted by the district to communicate with students through the use of electronic media within the scope of the individual's professional responsibilities. For example, a teacher may set up a social networking page for his or her class that has information related to class work, homework, and tests. As a parent, you are welcome to join or become a member of such a page.

An employee described above may also contact a student individually through electronic media to communicate about items such as homework or upcoming tests.

However, instant or text messages sent to an individual student are only allowed if a district employee with responsibility for an extracurricular activity needs to communicate with a student participating in the extracurricular activity.

If you prefer that your child not receive any one-to-one electronic communications from a district employee or if you have questions related to the use of electronic media by district employees, please contact the campus principal.

Objecting to the Release of Directory Information

The Family Educational Rights and Privacy Act, or FERPA, permits the district to disclose appropriately designated "directory information" from a child's educational records without written consent. "Directory Information" is information that is generally not considered harmful or an invasion of privacy if released. This directory information will be released to anyone who follows procedures for requesting it.

However, a parent or eligible student may object to the release of a student's directory information. This objection must be made in writing to the principal within ten school days of your child's first day of instruction for this school year. [See the "Notice Regarding Directory Information and Parent's Response Regarding Release of Student Information" included in the forms packet.]

For all other purposes, the district has designated the following as directory information:

- Student's name
- Address
- Telephone listing

- E-mail address
- Photograph
- Date and place of birth
- Degrees, honors, and awards received
- Dates of attendance
- Grade level
- Most recent school previously attended
- Participation in officially recognized activities and sports
- Weight and height, if a member of an athletic team
- Enrollment status

If you object to the release of the student information included on the directory information response form, your decision will also apply to the use of that information for school-sponsored purposes, such as the honor roll, school newspaper, the yearbook, recognition activities, news releases, and athletic programs.

[Also review the information at Authorized Inspection and Use of Student Records on page 24.]

Objecting to the Release of Student Information to Military Recruiters and Institutions of Higher Education

The district is required by federal law to comply with a request by a military recruiter or an institution of higher education for students' names, addresses, and telephone listings, unless parents have advised the district not to release their child's information without prior written consent. A form included in the forms packet is available if you do not want the district to provide this information to military recruiters or institutions of higher education.

Participation in Third-Party Surveys

Consent Required Before Student Participation

Your child will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

- Political affiliations or beliefs of the student or the student's parent.
- Mental or psychological problems of the student or the student's family.
- Sexual behavior or attitudes.
- Illegal, antisocial, self-incriminating, or demeaning behavior.
- Critical appraisals of individuals with whom the student has a close family relationship.
- Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.

- Religious practices, affiliations, or beliefs of the student or parents.
- Income, except when the information is required by law and will be used to determine the student’s eligibility to participate in a special program or to receive financial assistance under such a program.

You will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis, or evaluation. [For further information, see policy EF(LEGAL).]

“Opting Out” of Participation in Other Types of Surveys or Screenings and the Disclosure of Personal Information

As a parent, you have a right to receive notice of and deny permission for your child’s participation in:

- Any survey concerning the private information listed above, regardless of funding.
- School activities involving the collection, disclosure, or use of personal information gathered from your child for the purpose of marketing, selling, or otherwise disclosing that information.
- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student. Exceptions are hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law. [See policies EF and FFAA.]

As a parent, you may inspect a survey created by a third party before the survey is administered or distributed to your child.

Reciting a Portion of the Declaration of Independence in Grades 3-12

You may request that your child be excused from recitation of a portion of the Declaration of Independence. State law requires students in social studies classes in grades 3–12 to recite a portion of the text of the Declaration of Independence during Celebrate Freedom Week unless (1) you provide a written statement requesting that your child be excused, (2) the district determines that your child has a conscientious objection to the recitation, or (3) you are a representative of a foreign government to whom the United States government extends diplomatic immunity. [See policy EHBK(LEGAL).]

Reciting the Pledges to the U.S. and Texas Flags

As a parent, you may request that your child be excused from participation in the daily recitation of the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. The request must be in writing. State law does not allow your child to be excused from participation in the required minute of silence or silent activity that follows. [See **Pledges of Allegiance and a Minute of Silence** on page 79 and policy EC(LEGAL).]

Religious or Moral Beliefs

You may remove your child temporarily from the classroom if an instructional activity in which your child is scheduled to participate conflicts with your religious or moral beliefs. The removal cannot be for the purpose of avoiding a test and may not extend for an entire semester. Further, your child must satisfy grade-level and graduation requirements as determined by the school and by state law.

Tutoring or Test Preparation

Based on informal observations, evaluative data such as grades earned on assignments or tests, or results from diagnostic assessments, a teacher may determine that a student is in need of additional targeted assistance in order for the student to achieve mastery in state-developed essential knowledge and skills. The school will always attempt to provide tutoring and strategies for test-taking in ways that prevent removal from other instruction as much as possible. In accordance with state law and policy EC, the school will not remove a student from a regularly scheduled class for remedial tutoring or test preparation for more than ten percent of the school days on which the class is offered, unless the student's parent consents to this removal.

The school may also offer tutorial services, which students whose grades are below 70 will be required to attend.

Also refer to policies EC and EHBC, and contact your student's teacher with questions about any tutoring programs provided by the school.

RIGHT OF ACCESS TO STUDENT RECORDS, CURRICULUM MATERIALS, AND DISTRICT RECORDS

Instructional Materials

As a parent, you have a right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered to your child.

Notices of Certain Student Misconduct to Noncustodial Parent

A noncustodial parent may request in writing that he or she be provided, for the remainder of the school year, a copy of any written notice usually provided to a parent related to his or her child's misconduct that may involve placement in a disciplinary alternative education program (DAEP) or expulsion. [See policy FO(LEGAL) and the Student Code of Conduct.]

Student Records

Accessing Student Records

You may review your child's student records. These records include:

- Attendance records,
- Test scores,
- Grades,

- Disciplinary records,
- Counseling records,
- Psychological records,
- Applications for admission,
- Health and immunization information,
- Other medical records,
- Teacher and school counselor evaluations,
- Reports of behavioral patterns,
- State assessment instruments that have been administered to your child, and
- Teaching materials and tests used in your child’s classroom.

Authorization Inspection and Use of Student Records

A federal law, known as the Family Educational Rights and Privacy Act, or FERPA, affords parents and eligible students with certain rights with respect to the student’s educational records. For purposes of student records, an “eligible” student is one who is 18 or older or who is attending an institution of postsecondary education. The rights, as discussed in this section as well as at **Objecting to the Release of Directory Information** on page 20, are:

- The right to inspect and review student records within 45 days after the day the school receives a request for access.
- The right to request an amendment to a student record the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of FERPA.
- The right to provide written consent before the school discloses personally identifiable information from the student’s records, except to the extent that FERPA authorizes disclosure without consent.
- The right to file a complaint with the U.S. Department of Education concerning failures by the school to comply with FERPA requirements. The name and address of the office that administers FERPA are:

Family Policy Compliance Office
 U.S. Department of Education
 400 Maryland Avenue, SW
 Washington, DC 20202-5901

Both FERPA and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights of privacy. Before disclosing any personally identifiable information from a student’s records, the district must verify the identity of the person, including a parent or the student, requesting the information. Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential educational records.

Inspection and release of student records is primarily restricted to an eligible student or a student's parents—whether married, separated, or divorced—unless the school is given a copy of a court order terminating parental rights or the right to access a student's education records.

- When district school officials have what federal law refers to as a “legitimate educational interest” in a student’s records. School officials would include board members and employees, such as the superintendent, administrators, and principals; teachers, school counselors, diagnosticians, and support staff (including district health or district medical staff); a person or company with whom the district has contracted or allowed to provide a particular institutional service or function (such as an attorney, consultant, third party-vendor that offers online programs or software, auditor, medical consultant, therapist, school resource officer, or volunteer); a parent or student serving on a school committee; or a parent or student assisting a school official in the performance of his or her duties. “Legitimate educational interest” in a student’s records includes working with the student; considering disciplinary or academic actions, the student’s case, or an individualized education program for a student with disabilities; compiling statistical data; reviewing an educational record to fulfill the official’s professional responsibility to the school and the student; or investigating or evaluating programs.
- To authorized representatives of various governmental agencies, including juvenile service providers, the U.S. Comptroller General’s office, the U.S. Attorney General’s office, the U.S. Secretary of Education, TEA, the U.S. Secretary of Agriculture’s office, and Child Protective Services (CPS) caseworkers or other child welfare representatives, in certain cases.
- To individuals or entities granted access in response to a subpoena or court order.
- To another school, school district/system, or institution of postsecondary education to which a student seeks or intends to enroll or in which he or she is already enrolled.
- In connection with financial aid for which a student has applied or which the student has received.
- To accrediting organizations to carry out accrediting functions.
- To organizations conducting studies for, or on behalf of, the school, in order to develop, validate, or administer predictive texts; administer student aid programs; or improve instruction.
- To appropriate officials in connection with a health or safety emergency.
- When the district discloses information it has designated as directory information [see *Objecting to the Release of Directory Information* on page 20 for opportunities to prohibit disclosure].

Release of personally identifiable information to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The principal is custodian of all records for currently enrolled students at the assigned school. The principal is the custodian of all records for students who have withdrawn or graduated.

A parent or eligible student who wishes to inspect the student's records should submit a written request to the records custodian identifying the records he or she wishes to inspect. Records may be inspected by a parent or eligible student during regular school hours. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records.

A parent or eligible student who provides a written request and pays copying costs of ten cents per page may obtain copies. If circumstances prevent inspection during regular school hours and the student qualifies for free or reduced-price meals, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review these records. The address of the superintendent's office is Martinsville ISD, P.O. Box 100, Martinsville, Texas 75958

The address of the principal's office is: Martinsville ISD, P.O. Box 100, Martinsville, Texas 75958

A parent (or eligible student) may inspect the student's records and request a correction or amendment if the records are considered inaccurate, misleading, or otherwise in violation of the student's privacy rights. A request to correct a student's record should be submitted to the appropriate records custodian. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information in the record is inaccurate. If the district denies the request to amend the records, the parent or eligible student has the right to request a hearing. If the records are not amended as a result of the hearing, the parent or eligible student has 30 school days to exercise the right to place a statement commenting on the information in the student's record.

Although improperly recorded grades may be challenged, contesting a student's grade in a course or on an examination is handled through the general complaint process found in policy FNG(LOCAL). A grade issued by a classroom teacher can be changed only if, as determined by the board of trustees, the grade is arbitrary, erroneous, or inconsistent with the district's grading policy. [See FINALITY OF GRADES at FNG(LEGAL), **Report Cards/Progress Reports and Conferences** on page 81, and **Complaints and Concerns** on page 40 for an overview of the process.]

The district's policy regarding student records found at policy FL is available from the principal's or superintendent's office or on the district's website at www.martinsvilleisd.com

The parent's or eligible student's right of access to and copies of student records do not extend to all records. Materials that are not considered educational records—such as a teacher's personal notes about a student that are shared only with a substitute teacher—do not have to be made available to the parents or student.

Teachers and Staff Professional Qualifications

You may request information regarding the professional qualifications of your child's teachers, including whether a teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction; whether the teacher has an emergency permit or other provisional status for which state requirements have been waived; and undergraduate and graduate degree majors, graduate certifications, and the field of study of the certification or degree. You also have the right to request information about the qualifications of any paraprofessional who may provide services to your child.

STUDENTS WITH EXCEPTIONALITIES OR SPECIAL CIRCUMSTANCES

Children of Military Families

Children of military families will be provided flexibility regarding certain district requirements, including:

- Immunization requirements.
- Grade level, course, or educational program placement.
- Eligibility requirements for participation in extracurricular activities.
- Graduation requirements.

In addition, absences related to a student visiting with his or her parent, including a stepparent or legal guardian, who has been called to active duty for, is on leave from, or is returning from a deployment of at least four months will be excused by the district. The district will permit no more than five excused absences per year for this purpose. For the absence to be excused, the absence must occur no earlier than the 60th day before deployment or no later than the 30th day after the parent's return from deployment.

Additional information may be found at <http://www.tea.texas.gov/index2.aspx?id=7995>.

Safety Transfers / Assignments

As a parent, you may:

- Request the transfer of your child to another classroom or campus if your child has been determined by the district to have been a victim of bullying as the term is defined by Education Code 37.0832. Transportation is not provided for a transfer to another campus. See the principal for information.
- Consult with district administrators if your child has been determined by the district to have engaged in bullying and the board decides to transfer your child to another classroom or campus. Transportation is not provided for a transfer to another campus. [See **Bullying** on page 35, policy FDB, and policy FFI.]
- Request the transfer of your child to attend a safe public school in the district if your child attends school at a campus identified by TEA as persistently dangerous or if your child has been a victim of a violent criminal offense while at school or on school grounds. [See policy FDE.]
- Request the transfer of your child to a neighboring district if your child has been the victim of a sexual assault by another student assigned to the same campus, whether the assault occurred on or off campus, and that student has been convicted of or placed on

deferred adjudication for that assault. If the victim does not wish to transfer, the district will transfer the assailant in accordance with policy FDE.

Service/Assistance Animal Use by Students

A parent of a student who uses a service/assistance animal because of the student's disability must submit a request in writing to the principal at least ten district business days before bringing the service/assistance animal on campus.

Students in the Conservatorship of the State (Foster Care)

A student who is currently in the conservatorship [custody] of the state and who is moved outside the district's or school's attendance boundaries, or who is initially placed in the conservatorship of the state and who is moved outside the district's or school's boundaries, is entitled to continue in enrollment at the school he or she was attending prior to the placement or move until the student reaches the highest grade level at the particular school. In addition, if a student in grade 11 or 12 transfers to another district but does not meet the graduation requirements of the receiving district, the student can request to receive a diploma from the previous district if he or she meets the criteria to graduate from the previous district.

[See also **Students in Foster Care** on page 88 for more information.]

Students who are Homeless

If a student in grade 11 or 12 is homeless and transfers to another district but does not meet the graduation requirements of the receiving district, the student can request to receive a diploma from the previous district if he or she meets the criteria to graduate from the previous district.

Federal law also allows a homeless student to remain enrolled in what is called the "school of origin" or to enroll in a new school in the attendance area where the student is currently residing.

See also **Homeless Students** on page 70 for more information.

Students Who Have Learning Difficulties or Who Need Special Education Services

If a child is experiencing learning difficulties, the parent may contact the person listed below to learn about the district's overall general education referral or screening system for support services. This system links students to a variety of support options, including referral for a special education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensatory, and other academic or behavior support services that are available to all students including a process based on Response to Intervention (RtI). The implementation of RtI has the potential to have a positive impact on the ability of districts to meet the needs of all struggling students.

At any time, a parent is entitled to request an evaluation for special education services. Within a reasonable amount of time, the district must decide if the evaluation is needed. If the evaluation is needed, the parent will be notified and asked to provide informed written consent for the evaluation. The district must complete the evaluation and the report within the timeline prescribed by law once the district receives written consent. The district must give a copy of the evaluation report to the parent.

If the district determines that the evaluation is not needed, the district will provide the parent with prior written notice that explains why the child will not be evaluated. This written notice will include a statement that informs the parents of their rights, if they disagree with the district. The district is required to give parents the *Notice of Procedural Safeguards—Rights of Parents of Students with Disabilities*. Additional information regarding the Individuals with Disabilities Education Act (IDEA) is available from the school district in a companion document, *A Guide to the Admission, Review, and Dismissal Process*.

Both documents may also be found at <http://framework.esc18.net/display/Webforms/LandingPage.aspx>.

The following websites provide information to those who are seeking information and resources specific to students with disabilities and their families:

- Texas Project First, at <http://www.texasprojectfirst.org>
- Partners Resource Network, at <http://www.partnerstx.org>

The designated person to contact regarding options for a child experiencing learning difficulties or a referral for evaluation for special education services is the principal at (936) 564-3455.

Students who Receive Special Education Services with Other School-Aged Children in the Home

If a student is receiving special education services at a campus outside his or her attendance zone, the parent or guardian may request that any other student residing in the household be transferred to the same campus, if the appropriate grade level for the transferring student is offered on that campus. However, the district is not required to provide transportation to the other children in the household. The parent or guardian should speak with the principal of the school regarding transportation needs prior to requesting a transfer for any other children in the home. [See policy FDB(LOCAL).]

Students Who Speak a Primary Language Other than English

A student may be eligible to receive specialized support if his or her primary language is not English, and the student has difficulty performing ordinary class work in English. If the student qualifies for these extra services, the Language Proficiency Assessment Committee (LPAC) will determine the types of services the student needs, including accommodations or modifications related to classroom instruction, local assessments, and state-mandated assessments.

Students With Physical or Mental Impairments Protected under Section 504

A child determined to have a physical or mental impairment that substantially limits a major life activity, as defined by law, and who does not otherwise qualify for special education services, may qualify for protections under Section 504 of the Rehabilitation Act. Section 504 is a federal law designed to prohibit discrimination against individuals with disabilities. When an evaluation is requested, a committee will be formed to determine if the child is in need of services and supports under Section 504 to receive a free appropriate public education (FAPE), as this is defined in federal law.

The designated person to contact regarding a referral for evaluation applicable to Section 504 is Monty Pepper at (936) 564-3455.

[Also see policy FB.]

SECTION II: OTHER IMPORTANT INFORMATION FOR STUDENTS AND PARENTS

Topics in this section of the Student Handbook contain important information on academics, school activities, and school operations and requirements. Take a moment with your child to become familiar with the various issues addressed in this section. It is organized in alphabetical order to serve as a quick-reference when you or your child has a question about a specific school-related issue. Where possible, the topics are also organized to alert you to the applicability of each topic based on a student's age or grade level. Should you be unable to find the information on a particular topic, please contact the principal at (936) 564-3455.

ABSENCES / ATTENDANCE

Regular school attendance is essential for a student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day's learning on the previous day's, and to grow as an individual. Absences from class may result in serious disruption of a student's mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws—one dealing with the required presence of school-aged children in school, e.g., compulsory attendance, the other with how a child's attendance affects the award of a student's final grade or course credit—are of special interest to students and parents. They are discussed below.

Compulsory Attendance

Age 19 and Older

A student who voluntarily attends or enrolls after his or her 19th birthday is required to attend each school day until the end of the school year. If a student age 19 or older has more than five unexcused absences in a semester, the district may revoke the student's enrollment. The student's presence on school property thereafter would be unauthorized and may be considered trespassing. [See policy FEA.]

Between Ages 6 and 19

State law requires that a student between the ages of 6 and 19 attend school, as well as any applicable accelerated instruction program, extended year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

State law requires attendance in an accelerated reading instruction program when Kindergarten, first grade, or second grade students are assigned to such a program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program as a result of diagnostic reading instrument.

A student will be required to attend any assigned accelerated instruction program, which may occur before or after school or during the summer, if the student does not meet the passing standards on the state assessment for his or her grade level and/or applicable subject area.

Exemptions to Compulsory Attendance

All Grade Levels

State law allows exemptions to the compulsory attendance requirements for several types of absences if the student makes up all work. These include the following activities and events:

- Religious holy days;
- Required court appearances;
- Activities related to obtaining United States citizenship;
- Documented health-care appointments for the student or a child of the student, including absences for recognized services for students diagnosed with autism spectrum disorders, if the student comes to school or returns to school on the same day as the appointment. A note from the health-care provider must be submitted upon the student’s arrival or return to campus; and
- For students in the conservatorship (custody) of the state,
 - An activity required under a court-ordered service plan; or
 - Any other court-ordered activity, provided it is not practicable to schedule the student’s participation in the activity outside of school hours.

As listed in Section I at **Children of Military Families**, absences of up to five days will be excused for a student to visit with a parent, stepparent, or legal guardian who has been called to duty for, is on leave from, or immediately returned from certain deployments. Please see page 27 for that section.

Secondary Grade Levels

In addition, a junior or senior student’s absence of up to two days related to visiting a college or university will be considered an exemption, provided this has been authorized by the board under policy FEA(LOCAL), the student receives approval from the campus principal, follows the campus procedures to verify such a visit, and makes up any work missed.

Absences of up to two days in a school year will also be considered an exemption for:

- A student serving as an early voting clerk, provided the district’s board has authorized this in policy FEA(LOCAL), the student notifies his or her teachers, and the student receives approval from the principal prior to the absences and;
- A student serving as an election clerk, if the student makes up any work missed.

An absence of a student in grades 6–12 for the purpose of sounding “Taps” at a military honors funeral for a deceased veteran will also be excused by the district.

Failure to Comply with Compulsory Attendance

All Grade Levels

School employees must investigate and report violations of the state compulsory attendance law. A student absent without permission from school; from any class; from required special programs, such as additional special instruction, termed “accelerated instruction” by the state; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action.

Age 19 and Older

After a student age 19 or older incurs a third unexcused absence, the district will send the student a letter required by law explaining that the district may revoke the student’s enrollment for the remainder of the school year if the student has more than five unexcused absences in a semester. As an alternative to revoking the student’s enrollment, the district may implement a behavior improvement plan.

Between the Ages of 6 and 19

When a student between ages 6 and 19 incurs unexcused absences for three or more days or parts of days within a four week period, the school will send a notice to the student’s parent, as required by law, to remind the parent that it is the parent’s duty to monitor his or her child’s attendance and to require the student to come to school. The notice will also inform the parent that the district will initiate truancy prevention measures and request a conference between the school administrators and the parent. These measures will include a behavior improvement plan, school based community service, or referrals to either in-school or out-of-school counseling or other social services. Any other measures considered appropriate by the district will also be initiated.

The truancy prevention facilitator for the district is the principal. If you have any questions about your student and the effect of his or her absences from school, please contact the principal.

A court of law may also impose penalties against a student’s parent if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student is absent without excuse from school on ten or more days or parts of days within a six month period in the same school year.

If a student ages 12-18 incurs unexcused absences on ten or more days or parts of days within a six month period in the same school year, the district, in most circumstances, will refer the student to truancy court.

[See policy FEA(LEGAL).]

Attendance for Credit or Final Grade

To receive credit or a final grade in a class, a student must attend at least 90 percent of the days the class is offered. A student who attends fewer than 90 percent of the days the class is offered will be referred to the attendance review committee to determine whether there are extenuating circumstances for the absences and how the student can regain credit or a final grade lost because of absences. [See policy FEC.]

All absences, whether excused or unexcused, must be considered in determining whether a student has attended the required percentage of days. In determining whether there were extenuating circumstances for the absences, the attendance committee will use the following guidelines:

- If makeup work is completed, absences for the reasons listed above at **Exemptions to Compulsory Attendance** will be considered extenuating circumstances for purposes of attendance for credit or the award of a final grade.
- A transfer or migrant student begins to accumulate absences only after he or she has enrolled in the district.
- In reaching a decision about a student's absences, the committee will attempt to ensure that it is in the best interest of the student.
- The committee will review absences incurred based on the student's participation in board-approved extracurricular activities. These absences will be considered by the attendance committee as extenuating circumstances in accordance with the absences allowed under FM(LOCAL) if the student made up the work missed in each class.
- The committee will consider the acceptability and authenticity of documented reasons for the student's absences.
- The committee will consider whether the absences were for reasons over which the student or the student's parent could exercise any control.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student or parent will be given an opportunity to present any information to the committee about the absences and to talk about ways to earn or regain credit or a final grade.

The student or parent may appeal the committee's decision to the board by following policy FNG(LOCAL).

The actual number of days a student must be in attendance in order to receive credit or a final grade will depend on whether the class is for a full semester or for a full year.

Official Attendance-Taking Time

The district must submit attendance of its students to the Texas Education Agency (TEA) reflecting attendance at a specific time each day.

Official attendance is taken every day during the third instructional hour beginning at 9:41 a.m.

A student absent for any portion of the day, including at the official attendance-taking time, should follow the procedures below to provide documentation of the absence.

Documentation after an Absence

When a student is absent from school, the student—upon arrival or return to school—must bring a note signed by the parent that describes the reason for the absence. A note signed by the

student, even with the parent's permission, will not be accepted unless the student is 18 or older or is an emancipated minor under state law. A phone call from the parent may be accepted, but the district reserves the right to require a written note.

The campus will document in its attendance records for the student whether the absence is considered by the district to be excused or unexcused. Please note that, unless the absence is for a statutorily allowed reason under compulsory attendance laws, the district is not required to excuse any absence, even if the parent provides a note explaining the absence.

For semester exam exemption purposes, (3) tardies count as (1) absence. Attendance will be taken for all classes during the school day. No single class period will take precedence over another. (Example: An absence during 2nd period is the same as an absence during 7th period.) Any student who has missed more than 10 minutes of a single class will be counted absent for that period.

Doctor's Note after an Absence for Illness

Upon return to school, a student absent for more than 5 consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the student's extended absence from school. Otherwise, the student's absence may be considered unexcused and, if so, would be considered to be in violation of compulsory attendance laws.

Should the student develop a questionable pattern of absences, the principal or attendance committee may require a statement from a doctor or health clinic verifying the illness or condition that caused the student's absence from school in order to determine whether the absence or absences will be excused or unexcused.

[See policy FEC(LOCAL).]

Driver License Attendance Verification

For a student between the ages of 16 and 18 to obtain a driver license, written parental permission must be provided for the Texas Department of Public Safety (DPS) to access the student's attendance records and, in certain circumstances, for a school administrator to provide the student's attendance information to DPS. A verification of enrollment (VOE) form may be obtained from the office, which the student will need to submit to DPS upon application for a driver license.

ACCOUNTABILITY UNDER STATE AND FEDERAL LAW

Martinsville ISD is held to certain standards of accountability under state and federal law. A key component of the accountability requirements is the dissemination and publication of certain reports and information, which include:

- The Texas Academic Performance Report (TAPR) for the district, compiled by TEA, the state agency that oversees public education, based on academic factors and ratings;
- A School Report Card (SRC) for each campus in the district compiled by TEA based on academic factors and ratings;
- The district's financial management report, which will include the financial accountability rating assigned to the district by TEA

- The performance ratings of the district's evaluation of community and student engagement using the indicators required by law; and
- Information compiled by TEA for the submission of a federal report card that is required by the No Child Left Behind Act.

Information about all of these can be found on the district's website at www.martinsvilleisd.com. Hard copies of any reports are available upon request to the district's administration office.

TEA also maintains additional accountability and accreditation information at <http://www.texaschoolaccountabilitydashboard.org> and <http://www.tea.texas.gov>.

ACADEMIC DISHONESTY

Plagiarism, cheating, or academic dishonesty is not acceptable. Cheating includes the copying of another student's work or tests answers as one's own. Plagiarism is the use of another person's original ideas or writing without giving credit to the true author. A student found to have engaged in academic dishonesty will be subject to loss of credit for work in question, and/or other academic penalties.

AWARDS AND HONORS

Students are required to have a 90 over-all average in all subjects, including physical education and athletics, to qualify for "A" honor roll. To qualify for "A-B" honor roll, a student must maintain 80 or above in each subject with at least one 90 or above. An unsatisfactory grade in conduct or any disciplinary action administered by the principal during the report shall exclude the student from the honor roll.

In reporting honor roll for awards assemblies, teachers should include ALL students who have made A's and B's in whichever classes are deemed appropriate for them. This will allow everyone to receive acknowledgment for his or her hard work and improvement in their class work. Our goal is to encourage all students toward academic excellence.

The honor society academic requirement shall be a grade of at least 90 on all academic subjects, excluding physical education. [EIC (Local)]

The district shall award letter jacket to each student who has completed and is in good standing, participation in:

1. A sport for 2 years.
2. Cheerleading for 2 years.
3. Choir for 2 years.
4. UIL competition as follows: Two years or one year with the advancement to the state level.

BULLYING

Bullying occurs when a student or group of students engages in written or verbal expression, expression through electronic methods, or physical conduct against another student on school property, at a school-sponsored or -related activity, or in a district operated vehicle, and the behavior:

- Results in harm to the student or the student’s property,
- Places a student in reasonable fear of physical harm or of damage to the student’s property, or
- Is so severe, persistent, and pervasive that it creates an intimidating, threatening, or abusive educational environment.

This conduct is considered bullying if it exploits an imbalance of power between the student perpetrator(s) and the student victim and if it interferes with a student’s education or substantially disrupts the operation of the school.

Bullying is prohibited by the district and could include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name-calling, rumor-spreading, or ostracism. In some cases, bullying can occur through electronic methods, called “cyberbullying.”

If a student believes that he or she has experienced bullying or has witnessed bullying of another student, it is important for the student or parent to notify a teacher, school counselor, principal, or another district employee as soon as possible to obtain assistance and intervention. MISD also provides a link on the school website to report any bullying incidents. All reports must be completed in full in order to be submitted to the principal. The administration will investigate any allegations of bullying or other related misconduct.

If the results of an investigation indicate that bullying has occurred, the administration will take appropriate disciplinary action. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying. The district will also contact the parents of the victim and of the student who was found to have engaged in the bullying. Available counseling options will be provided to these individuals, as well as to any students who have been identified as witnesses to the bullying.

Any retaliation against a student who reports an incident of bullying is prohibited.

Upon the recommendation of the administration, the board may, in response to an identified case of bullying, decide to transfer a student found to have engaged in bullying to another classroom at the campus. In consultation with the student’s parent, the student may also be transferred to another campus in the district. The parent of a student who has been determined by the district to be a victim of bullying may request that his or her child be transferred to another classroom or campus within the district. [Also see **Safety Transfers / Assignments** on page 27.]

A copy of the district’s policy is available in the principal’s office, superintendent’s office, and on the district’s website. Procedures related to reporting allegations of bullying may also be found on the district’s website.

A student or parent who is dissatisfied with the outcome of an investigation may appeal through policy FNG(LOCAL).

[Also see **Safety Transfers / Assignments** on page 27, **Dating Violence, Discrimination, Harassment, and Retaliation** on page 43, **Hazing** on page 65, policy FFI, and the district improvement plan, a copy of which can be viewed in the campus office.]

CAREER AND TECHNICAL EDUCATION (CTE) PROGRAMS

The district offers career and technical education programs in the following areas: Agriculture Science, Business Education, Technology Applications and Family Consumer Science. Admission to these programs is based on endorsement needs and student preference.

These programs will be offered without regard to race, color, national origin, sex, or disability. Martinsville ISD will take steps to ensure that lack of English language skills will not be a barrier to admission and participation in all educational and CTE programs. [Also see **Nondiscrimination Statement** on page 77 for the name and contact information for the Title IX coordinator and Section 504 coordinator, who will address certain allegations of discrimination.]

CELEBRATIONS

Although a parent or grandparent is not prohibited from providing food for a school-designated function or for children in the child's or grandchild's classroom for his or her birthday, please be aware that children in the school may have severe allergies to certain food products. Therefore, it is imperative to discuss this with the child's teacher prior to bringing any food in this circumstance. Occasionally, the school or a class may host certain functions or celebrations tied to the curriculum that will involve food. The school or teacher will notify students and parents of any known food allergies when soliciting potential volunteers for bringing food products.

Also see **Food Allergies** on page 67.

CHILD SEXUAL ABUSE AND OTHER MALTREATMENT OF CHILDREN

The district has established a plan for addressing child sexual abuse and other maltreatment of children, which may be accessed at the superintendent's office. As a parent, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. A person who compels or encourages a child to engage in sexual conduct commits abuse. It is illegal to make or possess child pornography or to display such material to a child. Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

Possible physical warning signs of sexual abuse could be difficulty sitting or walking, pain in the genital areas, and claims of stomachaches and headaches. Behavioral indicators may include verbal references or pretend games of sexual activity between adults and children, fear of being alone with adults of a particular gender, or sexually suggestive behavior. Emotional warning signs to be aware of include withdrawal, depression, sleeping and eating disorders, and problems in school.

A child who has experienced sexual abuse or any other type of abuse or neglect should be encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that disclosures of sexual abuse may be more indirect than disclosures of physical abuse and neglect, and it is important to be calm and comforting if your child, or another child, confides in you. Reassure the child that he or she did the right thing by telling you.

As a parent, if your child is a victim of sexual abuse or other maltreatment, the school counselor or principal will provide information regarding counseling options for you and your child available in your area. The Texas Department of Family and Protective Services (TDFPS) also manages early intervention counseling programs. To find out what services may be available in your county, see [http://www.dfps.state.tx.us/Prevention and Early Intervention/Programs Available In Your County/default.asp](http://www.dfps.state.tx.us/Prevention%20and%20Early%20Intervention/Programs%20Available%20In%20Your%20County/default.asp).

CLASS RANK / HIGHEST RANKING STUDENT

For a student to be qualified to be valedictorian, salutatorian and historian, he/she must have attended Martinsville High School the last two consecutive full school years before graduation. Class ranking will be determined using grades from 9th grade year to the end of the fifth six-weeks in grade 12 to determine valedictorian, salutatorian and historian. The final Six weeks grade will be used to calculate the overall grade for the course. Grade Point Formula-See local policy EIC

Advanced Courses:

Spanish III, AP Calculus, Pre-Calculus and Anatomy and Physiology. Other advanced courses will include any dual credit courses in English, Math, Science and/or Social Studies which are offered at MISD.

Correspondence courses and credit by exam grades in core subjects will be ranked in the same manner as if the student had taken the course through MISD classes.

If there is a tie for valedictorian, salutatorian or historian, the student with the most grade points under the advanced plan shall be awarded the position. If there is still a tie, the student with the highest four-year numerical average shall be awarded the position.

In calculation of Grade Point Average (GPA) and class ranking, no physical education, office aide, lab or aided grade shall be included. Also any high school credit earned in junior high or considered a local credit course shall be excluded for the calculations.

For two school years following their graduation, District graduates who ranked in the top ten percent of their graduating class are eligible for admission into four-year public universities and colleges in Texas

except for the University of Texas at Austin who requires top nine percent. Students and parents should contact the counselor for further information about how to apply and the deadline for application. The Junior High will not be ranked. [For further information, see policies at EIC.]

Students entering grade 9 in the 2014–15 school year will be under a different graduation program than previous school years. Therefore, class ranking procedures may be adjusted by the district based on the new graduation plan. As these decisions are made, the district will make the information available to the students affected by these changes.

CLASS SCHEDULES

All students are expected to attend school for the entire school day and maintain a class/course schedule to fulfill each period of the day. Exceptions may be made occasionally by the campus principal for students in grades 9–12 who meet specific criteria and receive parental consent to enroll in less than a full-day's schedule.

[See **Schedule Changes** on page 83 for information related to student requests to revise their course schedule.]

COLLEGE AND UNIVERSITY ADMISSIONS

For two school years following his or her graduation, a district student who graduates in the top ten percent and, in some cases, the top 25 percent, of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student:

- Completes the Recommended or Advanced/Distinguished Achievement Program*; or
- Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.

*Beginning with ninth graders in the 2014–15 school year, to be eligible for automatic admission to a Texas four-year college or university, a student must be on track to graduate with the distinguished level of achievement under the foundation graduation program. This means that a student must graduate with at least one endorsement and must have taken Algebra II as one of the four required math courses.

In addition, the student must submit a completed application for admission in accordance with the deadline established by the college or university. The student is ultimately responsible for ensuring that he or she meets the admission requirements of the university or college to which the student submits an application.

The University of Texas at Austin may limit the number of students automatically admitted to 75 percent of the University's enrollment capacity for incoming resident freshmen. For students who are eligible to enroll in the University of Texas at Austin during the summer or fall 2015 term, the University will be admitting the top seven percent of the high school's graduating class who meet the above requirements. Additional applicants will be considered by the University through a holistic review process.

Should a college or university adopt an admissions policy that automatically accepts the top 25 percent of a graduating class, the provisions above will also apply to a student ranked in the top 25 percent of his or her class.

Students and parents should contact the school counselor for further information about automatic admissions, the application process, and deadlines.

[See also **Class Rank/Highest Ranking Student** on page 38 for information specifically related to how the district calculates a student’s rank in class and requirements for **Graduation** on page 58 for information associated with the foundation graduation program].

COLLEGE CREDIT COURSES

Students in grades 9–12 have opportunities to earn college credit through the following methods:

- Certain courses taught at the high school campus, which may include courses termed dual credit, Advanced Placement (AP) or college preparatory;
- Enrollment in an AP or dual credit course through the Texas Virtual School Network;
- Enrollment in courses taught in conjunction and in partnership with Angelina College and Stephen F. Austin State University which may be offered on or off campus;
- Enrollment in courses taught at other colleges or universities; and
- Certain CTE courses.

All of these methods have eligibility requirements and must be approved prior to enrollment in the course. Please see the school counselor for more information. Depending on the student’s grade level and the course, a state-mandated end-of-course assessment may be required for graduation.

It is important to keep in mind that not all colleges and universities accept credit earned in all dual credit or AP courses taken in high school for college credit. Students and parents should check with the prospective college or university to determine if a particular course will count toward the student’s desired degree plan.

COMPLAINTS AND CONCERNS

Usually student or parent complaints or concerns can be addressed by a phone call or a conference with the teacher or principal. For those complaints and concerns that cannot be handled so easily, the board has adopted a standard complaint policy at FNG(LOCAL) in the district’s policy manual. A copy of this policy may be obtained in the principal’s or superintendent’s office or on the district’s website. Should a parent or student feel the need to file a formal complaint, the parent or student should file a district complaint form within the timelines established in policy FNG(LOCAL). In general, the student or parent should submit the written complaint form to the campus principal. If the concern is not resolved, a request for a conference should be sent to the superintendent. If still unresolved, the district provides for the complaint to be presented to the board of trustees.

CONDUCT

Applicability of School Rules

As required by law, the board has adopted a Student Code of Conduct that prohibits certain behaviors and defines standards of acceptable behavior—both on and off campus as well as on district vehicles—and consequences for violation of these standards. The district has

disciplinary authority over a student in accordance with the Student Code of Conduct. Students and parents should be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules. During any periods of instruction during the summer months, the Student Handbook and Student Code of Conduct in place for the year immediately preceding the summer period shall apply, unless the district amends either or both documents for the purposes of summer instruction.

Campus Behavior Coordinator

By law, each campus has a campus behavior coordinator to apply discipline management techniques and administer consequences for certain student misconduct, as well as provide a point of contact for student misconduct. The campus behavior coordinator for the district is listed below:

Principal Monty Pepper

Disruptions of School Operations

Disruptions of school operations are not tolerated and may constitute a misdemeanor offense. As identified by law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.
- Interference with an authorized activity by seizing control of all or part of a building.
- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Use of force, violence, or threats to cause disruption during an assembly.
- Interference with the movement of people at an exit or an entrance to district property.
- Use of force, violence, or threats in an attempt to prevent people from entering or leaving district property without authorization from an administrator.
- Disruption of classes or other school activities while on district property or on public property that is within 500 feet of district property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; and entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct.
- Interference with the transportation of students in vehicles owned or operated by the district.

Social Events

School rules apply to all school social events. Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest.

A student attending a social event will be asked to sign out when leaving before the end of the event; anyone leaving before the official end of the event will not be readmitted.

Please contact the campus principal if you are interested in serving as a chaperone for any school social events.

COUNSELING

Academic Counseling

Junior High School Grade Levels

The school counselor is available to students and parents to talk about the importance of post-secondary education and how best to plan for postsecondary education, including appropriate courses to consider and financial aid availability and requirements.

In either grade 7 or 8, each student will receive instruction related to how the student can best prepare for high school, college, and a career.

High School Grade Levels

High school students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn more about course offerings, graduation requirements, and early graduation procedures. Each year, 8th grade through 12th grade students will be provided information on anticipated course offerings for the next school year and other information that will help them make the most of academic and CTE opportunities, as well as information on the importance of postsecondary education.

The school counselor can also provide information about entrance exams and application deadlines, as well as information about automatic admission, financial aid, housing, and scholarships as these relate to state colleges and universities. The school counselor can also provide information about workforce opportunities after graduation or technical and trade school opportunities, including opportunities to earn industry-recognized certificates and licenses.

Personal Counseling

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional or mental health issues, or substance abuse. A student who wishes to meet with the school counselor should contact the counselor at (936) 564-3455. As a parent, if you are concerned about your child's mental or emotional health, please speak with the school counselor for a list of resources that may be of assistance.

[Also see **Substance Abuse Prevention and Intervention** on page 89 and **Suicide Awareness** on page 89.]

COURSE CREDIT

A student in grades 9–12, or in a lower grade when a student is enrolled in a high school credit-bearing course, will earn credit for a course only if the final grade is 70 or above. For a two-semester (1 credit) course, the student's grades from both semesters will be averaged and credit will be awarded if the combined average is 70 or above. Should the student's combined average be less than 70, the student will be required to retake the semester in which he or she failed.

CREDIT BY EXAM—If a Student Has Taken the Course/Subject

A student who has previously taken a course or subject—but did not receive credit or a final grade for it—may, in circumstances determined by the principal or attendance committee, be permitted to earn credit by passing an exam approved by the district’s board of trustees on the essential knowledge and skills defined for that course or subject. Prior instruction may include, for example, incomplete coursework due to a failed course or excessive absences, homeschooling, or coursework by a student transferring from a non-accredited school. The opportunity to take an examination to earn credit for a course or to be awarded a final grade in a subject after the student has had prior instruction is sometimes referred to as “credit recovery.”

The school counselor or principal would determine if the student could take an exam for this purpose. If approval is granted, the student must score at least 70 on the exam to receive credit for the course or subject.

The attendance review committee may also offer a student with excessive absences an opportunity to earn credit for a course by passing an exam.

[For further information, see the school counselor and policy EHDB(LOCAL).]

CREDIT BY EXAM FOR ADVANCEMENT/ACCELERATION—If a Student Has Not Taken the Course/Subject

A student will be permitted to take an exam to earn credit for an academic course or subject area for which the student has had no prior instruction, i.e., for advancement, or to accelerate to the next grade level. The exams offered by the district are approved by the district’s board of trustees, and state law requires the use of certain exams, such as College Board Advanced Placement (AP) and College Level Examination Program (CLEP) tests, when applicable. The dates on which exams are scheduled during the 2016–17 school year will be published in appropriate district publications and on the district’s website. The only exceptions to the published dates will be for any exams administered by another entity besides the district. In this case, a student and the district must comply with the testing schedule of the other entity. During each testing window provided by the district, a student may attempt a specific exam only once.

A Student in Grades 6-12

A student in grade 6 or above will earn course credit with a passing score of at least 80 on the exam, a scaled score of 50 or higher on an exam administered through the CLEP, or a score of 3 or higher on an AP exam, as applicable. A student may take an exam to earn high school course credit no more than twice. If a student fails to achieve the designated score on the applicable exam before the beginning of the school year in which the student would need to enroll in the course according to the school’s high school course sequence, the student must complete the course.

DATING VIOLENCE, DISCRIMINATION, HARASSMENT, AND RETALIATION

The district believes that all students learn best in an environment free from dating violence, discrimination, harassment, and retaliation and that their welfare is best served when they are free from this prohibited conduct while attending school. Students are expected to treat other students and district employees with courtesy and respect, to avoid behaviors known to be

offensive, and to stop those behaviors when asked or told to stop. District employees are expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person's race, color, religion, gender, national origin, disability, or any other basis prohibited by law. A copy of the district's policy is available in the principal's office and in the superintendent's office or on the district's website. [See policy FFH.]

Dating Violence

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship. Dating violence also occurs when a person commits these acts against a person in a marriage or dating relationship with the individual who is or was once in a marriage or dating relationship with the person committing the offense. This type of conduct is considered harassment if the conduct is so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of dating violence against a student may include, but are not limited to, physical or sexual assaults; name-calling; put-downs; threats to hurt the student, the student's family members, or members of the student's household; destroying property belonging to the student; threats to commit suicide or homicide if the student ends the relationship; threats to harm a student's current dating partner; attempts to isolate the student from friends and family; stalking; or encouraging others to engage in these behaviors.

Discrimination

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, gender, national origin, disability, or any other basis prohibited by law, that negatively affects the student.

Harassment

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of harassment may include, but are not limited to, offensive or derogatory language directed at a person's religious beliefs or practices, accent, skin color, or need for accommodation; threatening, intimidating, or humiliating conduct; offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

In addition to dating violence as described above, two other types of prohibited harassment are described below.

Sexual Harassment and Gender-Based Harassment

Sexual harassment and gender-based harassment of a student by an employee, volunteer, or another student are prohibited.

Examples of sexual harassment may include, but not be limited to, touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature, such as comforting a child with a hug or taking the child's hand. However, romantic and other inappropriate social relationships, as well as all sexual relationships, between students and district employees are prohibited, even if consensual.

Gender-based harassment includes harassment based on a student's gender, expression by the student of stereotypical characteristics associated with the student's gender, or the student's failure to conform to stereotypical behavior related to gender.

Examples of gender-based harassment directed against a student, regardless of the student's or the harasser's actual or perceived sexual orientation or gender identity, may include, but not be limited to, offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

Retaliation

Retaliation against a person who makes a good faith report of discrimination or harassment, including dating violence, is prohibited. Retaliation against a person who is participating in an investigation of alleged discrimination or harassment is also prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with a district investigation, however, may be subject to appropriate discipline.

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

Reporting Procedures

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, school counselor, principal, or other district employee. The report may be made by the student's parent. See policy FFH(LOCAL) for the appropriate district officials to whom to make a report.

Upon receiving a report of prohibited conduct as defined by policy FFH, the district will determine whether the allegations, if proven, would constitute prohibited conduct as defined by that policy. If not, the district will refer to policy FFI to determine if the allegations, if proven, would constitute bullying, as defined by law and that policy. If the alleged prohibited conduct, if proven, would constitute prohibited conduct and would also be considered bullying as defined by law and policy FFI, an investigation of bullying will also be conducted.

The district will promptly notify the parents of any student alleged to have experienced prohibited conduct involving an adult associated with the district. In the event alleged prohibited conduct involves another student, the district will notify the parents of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy FFH.

Investigation of Report

To the extent possible, the district will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated.

If a law enforcement or other regulatory agency notifies the district that it is investigating the matter and requests that the district delay its investigation, the district will resume the investigation at the conclusion of the agency's investigation.

During the course of an investigation and when appropriate, the district will take interim action to address the alleged prohibited conduct.

If the district's investigation indicates that prohibited conduct occurred, appropriate disciplinary action, and, in some cases, corrective action, will be taken to address the conduct. The district may take disciplinary and corrective action even if the conduct that is the subject of the complaint was not unlawful.

All involved parties will be notified of the outcome of the district investigation within the parameters and limits allowed under the Family Educational Rights and Privacy Act (FERPA).

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

DISCRIMINATION

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 43.]

DISTANCE LEARNING

All Grade Levels

Distance learning and correspondence courses include courses that encompass the state-required essential knowledge and skills but are taught through multiple technologies and alternative methodologies such as mail, satellite, Internet, video-conferencing, and instructional television.

The distance learning opportunities are available to district students. Please contact the principal or counselor for more information.

If a student wishes to enroll in a correspondence course or a distance learning course that is not provided through the Texas Virtual School Network (TxVSN), as described below, in order to earn credit in a course or subject, the student must receive permission from the principal prior to enrolling in the course or subject. If the student does not receive prior approval, the district may not recognize and apply the course or subject toward graduation requirements or subject mastery.

Texas Virtual School Network (TxVSN)

The Texas Virtual School Network (TxVSN) has been established as one method of distance learning. A student has the option, with certain limitations, to enroll in a course offered through the TxVSN to earn course credit for graduation.

Depending on the TxVSN course in which a student enrolls, the course may be subject to the “no pass, no play” rules. [Also see **Extracurricular Activities, Clubs, and Organizations** on page 54.] In addition, for a student who enrolls in a TxVSN course for which an end-of-course (EOC) assessment is required, the student must still take the corresponding EOC assessment.

If you have questions or wish to make a request that your child be enrolled in a TxVSN course, please contact the school counselor. Unless an exception is made by the principal, a student will not be allowed to enroll in a TxVSN course if the school offers the same or a similar course.

A copy of policy EHDE will be distributed to parents of middle and high school students at least once each year. If you do not receive a copy or have questions about this policy, please contact the principal.

DISTRIBUTION OF LITERATURE, PUBLISHED MATERIALS OR OTHER DOCUMENTS

School Materials

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, brochures, flyers, etc.

The school yearbook is available to all students.

All school publications are under the supervision of a teacher, sponsor, and the principal.

Non-school Materials

From Students

Students must obtain prior approval from the principal before selling, posting, circulating, or distributing more than (10) copies of written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any non-school material must include the name of the sponsoring person or organization. The decision regarding approval will be made within two school days.

The principal has designated his outside office bulletin board as the location for approved non-school materials to be placed for voluntary viewing or collection by students. [See policy FNAA.]

A student may appeal a decision in accordance with policy FNG(LOCAL). Any student who sells, posts, circulates, or distributes non-school material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without approval will be removed.

From Others

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the district or by a district-affiliated school-support organization will not be sold, circulated, distributed, or posted on any district premises by any district employee or by persons or groups not associated with the district, except as permitted by policy GKDA. To be considered for distribution, any non-school material must meet the limitations on content established in the policy, include the name of the sponsoring person or organization, and be submitted to the principal for prior review. The principal will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy. [See policies at DGBA or GF.]

The principal has designated the outside office bulletin board as the location for approved non-school materials to be placed for voluntary viewing or collection.

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a non-curriculum-related student group meeting held in accordance with FNAB(LOCAL).
- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All non-school materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

DRESS AND GROOMING

The district's dress code is established to teach grooming and hygiene, prevent disruption, and minimize safety hazards. Students and parents may determine a student's personal dress and grooming standards, provided that they comply with the following:

- Students may wear any collared shirt, T-shirt and other pullover top, sweatshirts/sweaters, school designs/logos, brand names or other appropriate words on clothing are acceptable.
- Students are prohibited from wearing shirts/blouses that are oversized or immodestly undersized.
- Students are prohibited from wearing undershirts, tank-tops, see through clothing, bare backs, pajamas, plunging necklines, blouses or clothing with spaghetti straps, or shirts/blouses that expose the midriff when the arms are raised.
- Modesty and good taste are the "watch words" for school dress. Students will follow the dress code on all school-sponsored trips. Sponsors are responsible for student compliance.

- Shirts split under the arms or that have neck/sleeve cut out will not be permitted. Shirts must have a natural hemline. (All clothes must be in good repair)
- The district prohibits references to alcohol, drugs, tobacco, weapons, nudity, gang affiliation, death, violence, vulgar or obscene language or images, and/or insults to race, religion, gender or ethnicity, or other emblems or writing that may be expected to cause a material or substantial disruption of, or interference with, normal school operations. The district also prohibits clothing or grooming that in the principal's judgment may reasonably be expected to cause disruption of or interfere with normal school and classroom operations.
- Guidelines for acceptable length of garments such as dresses, skorts, and skirts shall be no shorter than mid-thigh for all grades and worn at the waist.
- Acceptable shorts are no shorter than mid-thigh for all grades and must have a hemmed bottom
- Shorts may not be made of spandex or other form-fitting materials, baggy or oversized, split or fringed at the hem or seams, boxers or pajamas.
- Students must wear proper underclothing.
- All pants/slacks must fit securely at the waistline and not drop below the waistline and expose undergarments. They must not be touching the ground or covering the foot, not be baggy or oversized, and must not be made of spandex or other form fitting materials.
- Jeans, pants or slacks containing tears, cuts, rips, frays and/or holes higher than mid-thigh will not be permitted.
- Spandex tights/ leggings will be permitted as long as they are worn under appropriate dresses, skirts or shorts that meet dress code regulations.
- Students may not wear heavy chains or chains attached to billfolds. Heavy chains may not be worn as necklaces.
- Shoes are required to be worn at all times while at school. House shoes and shower shoes are not permitted.
- Sunglasses are not allowed to be worn inside the campus buildings unless prescribed by a physician.
- No types of head covering are to be worn inside campus buildings during regular school hours.
- When asked to shave, students must comply immediately and not return unshaven the next day.
- Good health and personal hygiene habits should be practiced
- Jewelry (including earrings, chains, and emblems) which is considered to be a safety hazard or a distraction is not permitted. Any jewelry that is considered gang related is not allowed.
- No visible tattoos are allowed. Students with a tattoo must keep the tattoo fully covered at all times.

- Any student wishing to discuss a questionable piece of clothing before it is worn to school must ask permission of the campus principal only. If there are questions or doubts, please ask for a ruling in advance.

First Offense: The principal will make a decision on the violation and inform the student in a personal conference. The student will be asked to correct the violation within a reasonable length of time (immediately if possible). In some instances, a student may not be allowed to attend class until the correction has been made. If this occurs, it will constitute an unexcused absence in that class.

Repeated Offenses: The student will be subject to further disciplinary action and must correct the dress code violation before being allowed to return to class.

If the student refuses, the principal shall notify the student's parents or legal guardian and request the necessary correction is made. **Students will not be allowed to go home and change clothing.**

Hair / Earrings

Hair must be clean, well groomed, out of the eyes, and styled in a way that is not distracting or conspicuous. Hair rollers or long-handled combs may not be worn in the hair. No facial hair is allowed (must be clean-shaven). Students will be allowed to correct facial hair at school and will be given a clean razor and shaving cream. Students will not be allowed to go home and shave.

Hairstyles that create a safety hazard or distraction, or are a material or substantial disruption are not permitted. Sideburns may not exceed below the bottom of the earlobe and must be neatly groomed.

Hair must be of a natural color.

Earrings are permitted under the following conditions: Boys may have **one stud** earring per ear; girls may have two earrings per ear. The earrings may not cause a disruption, as determined by the administration.

Visible body piercing other than the earlobe will not be allowed. If these piercing become visible, students will be asked to remove the body jewelry. (These items may be taken up by request of the staff).

ELECTRONIC DEVICES AND TECHNOLOGY RESOURCES

Possession and Use of Personal Telecommunications Devices, Including Mobile Telephones

For safety purposes, the district permits students to possess personal mobile telephones; however, these devices must remain turned off during the instructional day, including during all testing, unless they are being used for approved instructional purposes. A student must have approval to possess other telecommunications devices such as netbooks, laptops, tablets, or other portable computers.

The use of mobile telephones or any device capable of capturing images is strictly prohibited in locker rooms or restroom areas while at school or at a school-related or school-sponsored event.

If a student uses a telecommunications device without authorization during the school day, the device will be confiscated. The student or parent may pick up the confiscated telecommunications device from the principal's office for a fee of \$15.

Confiscated telecommunications devices that are not retrieved by the student or the student's parents will be disposed of after the notice required by law. [See policy FNCE.]

In limited circumstances and in accordance with law, a student's personal telecommunications device may be searched by authorized personnel. [See **Searches** on page 84 and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for damaged, lost, or stolen telecommunications devices.

Possession and Use of Other Personal Electronic Devices

Except as described below, students are not permitted to possess or use personal electronic devices such as MP3 players, video or audio recorders, DVD players, cameras, games, e-readers, or other electronic devices at school, unless prior permission has been obtained. Without such permission, teachers will collect the items and turn them in to the principal's office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

In limited circumstances and in accordance with law, a student's personal electronic device may be searched by authorized personnel. [See **Searches** on page 84 and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for any damaged, lost, or stolen electronic device.

Instructional Use of Personal Telecommunications and Other Electronic Devices

In some cases, students may find it beneficial or might be encouraged to use personal telecommunications or other personal electronic devices for instructional purposes while on campus. Students must obtain prior approval before using personal telecommunications or other personal electronic devices for instructional use. Students must also sign a user agreement that contains applicable rules for use (separate from this handbook). When students are not using the devices for approved instructional purposes, all devices must be turned off during the instructional day. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

Acceptable Use of District Technology Resources

To prepare students for an increasingly technological society, the district has made an investment in the use of district-owned technology resources for instructional purposes; specific resources may be issued individually to students. Use of these technological resources, which include the district's network systems and use of district equipment, is restricted to approved purposes only. Students and parents will be asked to sign a user agreement and acceptable use policy (separate from this handbook) regarding use of these district resources. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

Unacceptable and Inappropriate Use of Technology Resources

Students are prohibited from possessing, sending, forwarding, posting, accessing, or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal. This prohibition also applies to conduct off school property, whether the equipment used to send such messages is district-owned or personally owned, if it results in a substantial disruption to the educational environment.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as “sexting,” will be disciplined according to the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement. Because engaging in this type of behavior can lead to bullying or harassment, as well as possibly impede future endeavors of a student, we encourage you to review with your child <http://beforeyoutext.com>, a state-developed program that addresses the consequences of engaging in inappropriate behavior using technology.

In addition, any student who engages in conduct that results in a breach of the district’s computer security will be disciplined in accordance with the Student Code of Conduct, and, in some cases, the consequence may rise to the level of expulsion.

Inappropriate Use — Inappropriate use includes, but is not limited to, those uses that violate the law, that are specifically named as violations in this document, that violate the rules of network etiquette, or that hamper the integrity or security of this or any networks connected to the Network/Internet.

- Violation of law by transmission of any material in violation of any US or state regulation is prohibited. This includes, but is not limited to: copyrighted material, threatening or obscene material or material protected by trade secret; any attempt to break the law through the use of a Martinsville ISD Network/Internet account may result in litigation against the offender by the proper authorities. If such an event should occur, Martinsville ISD will fully comply with the authorities to provide any information necessary for the litigation process.
- Commercial use such as income generating or "for profit" activities, product advertisement, or political lobbying is prohibited. Sending unsolicited junk mail, or chain letters, is prohibited.
- Vandalism and mischief are prohibited. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Network/Internet, or any networks that are connected to the Network/Internet. Any interference with the work of other users, with or without malicious intent, is construed as mischief and is strictly prohibited.
- Forgery of electronic mail messages is prohibited. Reading, deleting, copying or modifying the electronic mail of other users is prohibited.
- File/Data violations such as deleting, examining, copying, or modifying files and/or data belonging to other users is prohibited.
- Downloading software will not be allowed on District hardware without permission.

RESPONSIBLE USE POLICY

Internet access is available to students, teachers, administrators, and parents in the Martinsville Independent School District (MISD).

We are pleased to bring this access to Martinsville ISD and believe the Internet offers vast, diverse, and unique resources to students, teachers, administrators, parents and community. Our goal in providing this service to students, teachers, administrators, parents, and community is to promote educational excellence in our school by facilitating resource sharing, innovation, and communication.

Risk — With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in context of the school setting. Martinsville ISD will make every effort to monitor students' use of the Internet; however, on a global network it is impossible to control all materials and an industrious user may discover controversial information. Martinsville ISD firmly believe that the valuable information and interaction available on this worldwide network far outweighs the possibility that users may procure material that is not consistent with the educational goals of the MISD.

User Responsibility — Network/Internet users, like traditional library users, are responsible for their actions in accessing available resources. Internet access is coordinated through a complex association of government agencies, and regional and state networks. In addition, the smooth operation of the network relies upon the proper conduct of the end users that must adhere to strict guidelines. These guidelines are provided here so that you are aware of the responsibilities you are about to acquire. In general this requires efficient, ethical and legal utilization of the network resources. If Martinsville ISD user violates any of these provisions, his or her account will be terminated and future access could possibly be denied. The signature(s) in the back of the student handbook are legally binding and indicate(s) the party (parties) who signed has (have) read the terms and conditions carefully and understand(s) their significance.

Internet — Terms and Conditions — Martinsville ISD makes no warranties of any kind, whether expressed or implied, for the service it is providing. Martinsville ISD will not be responsible for any damages you suffer. This includes loss of data resulting from delays, non-deliveries, mis-deliveries, or service interruptions caused by its own negligence or your errors or omissions. Use of any information obtained via the Internet is at your own risk. Martinsville ISD specifically denies any responsibility for the accuracy of quality of information obtained through its services.

Acceptable Use — Martinsville ISD Network/Internet access may be used to improve learning and teaching consistent with the educational objectives of the Martinsville ISD. The District expects legal, ethical and efficient use of the Network/Internet. Use of other organization's network of computing resources must comply with the rules appropriate for that network.

Privileges — The use of the Internet is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. (Each student who receives an account will be part of a discussion with a Martinsville ISD faculty member pertaining to the proper use of the network.) The system administrator(s) will deem what is inappropriate use and their decision is final. Also, the system administrator(s) may close an account at any time as required. The administration, faculty, and staff of Martinsville ISD may request the system administrator(s) to deny, revoke, or suspend specific user accounts.

Security — Security on any computer system is a high priority, especially when the system involves many users. If you feel you can identify a security problem on the Internet, you must notify the system administrator(s). Do not demonstrate the problem to other users. Do not use another individual's account without written permission from that individual. Any user identified as security risk of having a history of problems with other computer systems may be denied access to Internet. Attempts to log on to the Network/Internet to impersonate a system administrator(s) or Martinsville ISD employee or student will result in cancellation of the Network/Internet account.

Network etiquette — you are expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to the following:

- Be polite. Do not be abusive in your messages to others.
- Use appropriate language. Do not swear; use vulgarities or any other inappropriate language.
- Illegal activities are strictly forbidden.
- Do not reveal your personal address or phone numbers of students or colleagues.
- Note that electronic mail (E-mail) is not guaranteed to be private. People who operate the system do not have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.
- Do not use the network in such a way that you would disrupt the use of the network by other users.
- All communications and information accessible via the network should be assumed to be private property.

Subject to system administration — All Martinsville ISD Network/Internet account usage is subject to the Director of Technology and/or network manager's perusal for virus scanning or inappropriate use. Policy violations will result in revocation of the user's account, regardless of the success or failure of the attempt. In addition, school disciplinary action and/or appropriate legal action may be taken. Access may be denied to any user identified as a security risk or as having a history or problems with other computer systems.

Vandalism — Vandalism will result in cancellation of privileges. Vandalism is defined as any malicious attempt to harm or destroy data of another user, Internet, or any of the above listed agencies or other networks that are connected to the NSFNET Internet backbone. This includes, but is not limited to, the uploading or creation of computer virus.

END-OF-COURSE (EOC) ASSESSMENTS

See **Graduation** on page 58 and **Standardized Testing** on page 86

EXTRACURRICULAR ACTIVITIES, CLUBS, AND ORGANIZATIONS

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

Participation in some of these activities may result in events that occur off-campus. When the district arranges transportation for these events, students are required to use the transportation provided by the district to and from the events. Exceptions to this may only be made with the approval of the activity's coach or sponsor. [Also see **Transportation** on page 90.]

Eligibility for initial and continuing participation in many of these activities is governed by state law and the rules of the University Interscholastic League (UIL)—a statewide association

overseeing interdistrict competition. If a student is involved in an academic, athletic, or music activity governed by UIL, the student and parent are expected to know and follow all rules of the UIL organization. Students involved in UIL athletic activities and their parents can access the UIL Parent Information Manual at <https://www.uiltexas.org/athletics/manuals>; a hard copy can be provided by the coach or sponsor of the activity on request. To report a complaint of alleged noncompliance with required safety training or an alleged violation of safety rules required by law and the UIL, please contact the curriculum division of the Texas Education Agency at (512) 463-9581 or curriculum@tea.texas.gov

[See <http://www.uiltexas.org> for additional information on all UIL-governed activities.]

In addition, the following provisions apply to all extracurricular activities:

- A student who receives at the end of a grading period a grade below 70 in any academic class—other than an Advanced Placement; or an honors or dual credit course in English language arts, mathematics, science, social studies, economics, or language other than English—may not participate in extracurricular activities for at least three school weeks.
- A student who receives special education services and who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.
- An ineligible student may practice or rehearse but may not participate in any competitive activity.
- A student is allowed in a school year up to **10** absences not related to post-district competition, a maximum of **5** absences for post-district competition prior to state, and a maximum of **2** absences for state competition. All extracurricular activities and public performances, whether UIL activities or other activities approved by the board, are subject to these restrictions.
- An absence for participation in an activity that has not been approved will receive an unexcused absence.

Standards of Behavior

Sponsors of student clubs and performing groups such as the UIL Academics and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by board policy will apply in addition to any consequences specified by the organization’s standards of behavior.

Offices and Elections

Certain clubs, organizations, and performing groups will / may hold elections for student officers. These groups include:

FCCLA.....Cindy Nichols
FFA.....Will Cauthen
NHS.....Teri Yarberry
Student Council..... Samantha Cobb / Grace Tilley

Cheerleaders.....Christy Cauthen
Yearbook.....Molissa Parker

FEES

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, erasers, and notebooks and may be required to pay certain other fees or deposits, including:

- Costs for materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations and admission fees to extracurricular activities.
- Security deposits.
- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, etc.
- Voluntarily purchased student accident insurance.
- Musical instrument rental and uniform maintenance, when uniforms are provided by the district.
- Personal apparel used in extracurricular activities that becomes the property of the student.
- Parking fees and student identification cards.
- Fees for lost, damaged, or overdue library books.
- Fees for driver training courses, if offered.
- Fees for optional courses offered for credit that require use of facilities not available on district premises.
- Summer school for courses that are offered tuition-free during the regular school year.
- A reasonable fee for providing transportation to a student who lives within two miles of the school. [See **Buses and Other School Vehicles** on page 90.]
- A fee not to exceed \$50 for costs of providing an educational program outside of regular school hours for a student who has lost credit or has not been awarded a final grade because of absences and whose parent chooses the program in order for the student to meet the 90 percent attendance requirement. The fee will be charged only if the parent or guardian signs a district-provided request form.
- In some cases, a fee for a course taken through the Texas Virtual School Network (TxVSN).

Any required fee or deposit may be waived if the student and parent are unable to pay. Application for such a waiver may be made to the principal. [For further information, see policy FP.]

FUND-RAISING

Student groups or classes and/or parent groups may be permitted to conduct fund-raising drives for approved school purposes. Each organization or group is limited to (2) fundraising activities or events per school year. An application for permission must be made to the principal at least 14 days before the event. [For further information, see policies at FJ and GE.]

GANG-FREE ZONES

Certain criminal offenses, including those involving organized criminal activity such as gang-related crimes, will be enhanced to the next highest category of offense if they are committed in a gang-free zone. For purposes of the district, a gang-free zone includes a school bus and a location in, on, or within 1,000 feet of any district-owned or leased property or campus playground.

GENDER-BASED HARASSMENT

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 43.]

GRADE LEVEL CLASSIFICATION

After the ninth grade, students are classified according to the number of credits earned toward graduation.

Credits Earned	Classification
<u>5</u>	Grade 10 (Sophomore)
<u>10</u>	Grade 11 (Junior)
<u>15</u>	Grade 12 (Senior)

GRADING GUIDELINES

Grading guidelines for each grade level or course will be communicated and distributed to students and their parents by the classroom teacher. These guidelines have been reviewed by each applicable curriculum department and have been approved by the campus principal. These guidelines establish the minimum number of assignments, projects, and examinations required for each grading period. In addition, these guidelines establish how the student's mastery of concepts and achievement will be communicated (i.e., letter grades, numerical averages, checklist of required skills, etc.). Grading guidelines also outline in what circumstances a student will be allowed to redo an assignment or retake an examination for which the student originally made a failing grade. Procedures for a student to follow after an absence will also be addressed.

In grades 9-12 achievement is reported to parents as numerical grades. The district shall determine student academic achievement using a numerical score of 0-100 with 70 being passing. There will be no six weeks test at the end of fall or spring semester due to semester exams.

Six Weeks Grades:	Daily Grades	60%
	Test and Notebook	40%

Semester Grades:	Six Weeks	28.75%
	Six Weeks	28.75%
	Six Weeks	28.75%
	Semester Test	13.75%
Yearly Grade:	First Semester	50%
	Second Semester	50%

In grades 7 and 8, achievement is reported to parents as numerical grades. The district shall determine student academic achievement using a numerical score of 0-100 with 70 being passing. There will be no six weeks test at the end of fall or spring semester due to semester exams.

Six Weeks Grades:	Daily Grades	60%
	Test / Projects	40%
Semester Grades:	Six Weeks	33.33%
	Six Weeks	33.33%
	Six Weeks	33.33%
Yearly Grade:	First Semester	50%
	Second Semester	50%

The district will require that teachers have at least 10 daily grades and at least 3 test grades per the six weeks-grading period. At the three weeks progress report, student will have at least 4 daily grades and least 1 test grade.

Also see **Report Cards/Progress Reports and Conferences** on page 81 for additional information on grading guidelines.

GRADUATION

Requirements for a Diploma for a Student Enrolled in High School Prior to the 2014–15 School Year

To receive a high school diploma from the district, a student who was enrolled in high school prior to the 2014–15 school year must successfully:

- Complete the required number of credits established by the state and any additional credits required by the district;
- Complete any locally required courses in addition to the courses mandated by the state; and
- Achieve passing scores on certain end-of-course (EOC) assessments or approved substitute assessments, unless specifically waived as permitted by state law.

Also see **Standardized Testing** on page 86 for more information.

Requirements for a Diploma Beginning with the 2014–15 School Year

Beginning with students who enter grade 9 in the 2014–15 school year, as well as any currently enrolled high school student who decides to graduate under the new foundation graduation program, a student must meet the following requirements to receive a high school diploma from the district:

- Complete the required number of credits established by the state and any additional credits required by the district;
- Complete any locally required courses in addition to the courses mandated by the state;
- Achieve passing scores on certain end-of-course (EOC) assessments or approved substitute assessments, unless specifically waived as permitted by state law; and
- Demonstrate proficiency, as determined by the district, in the specific communication skills required by the State Board of Education.

Testing Requirements for Graduation

Students are required, with limited exceptions and regardless of graduation program, to perform satisfactorily on the following EOC assessments: English I, English II, Algebra I, Biology, and United States History. A student who has not achieved sufficient scores on the EOC assessments to graduate will have opportunities to retake the assessments. State law and state rules also provide for certain scores on norm-referenced national standardized assessments to substitute for the requirement to meet satisfactory performance on an applicable EOC assessment should a student choose this option. See the school counselor for more information on the state testing requirements for graduation.

If a student fails to perform satisfactorily on an EOC assessment, the district will provide remediation to the student in the content area for which the performance standard was not met. This may require participation of the student before or after normal school hours or at times of the year outside normal school operations.

In limited circumstances, a student who fails to demonstrate proficiency on two or fewer of the required assessments may still be eligible to graduate if an individual graduation committee, formed in accordance with state law, unanimously determines that the student is eligible to graduate.

[Also see Standardized Testing on page 86 for more information.]

Minimum, Recommended, and Advanced/Distinguished Achievement Graduation Programs

For students who were enrolled in high school prior to the 2014–15 school year, the district offers the graduation programs listed in this section. Students enrolled in high school prior to the 2014–15 school year also have the option to pursue the foundation graduation program as described below. Note that permission to enroll in the Minimum Program as described in this section will be granted only if a written agreement is reached among the student, the student's parent or person standing in parental relation, and the school counselor or appropriate administrator. In order for a student to take courses under the Minimum Program, the student must be at least 16 years of age; have completed at least two credits each in English language

arts, math, science, and social studies courses that are required for graduation; or have failed grade 9 one or more times. [See policy EIF(LEGAL).]

All students who were enrolled in high school prior to the 2014–15 school year must meet the following credit and course requirements for graduation under the programs listed or may choose to pursue the foundation graduation program as described on page 61:

Courses	Number of credits Recommended Program	Number of credits Advanced/ Distinguished Achievement Program
English/Language Arts	4	4
Mathematics	4	4
Science	4	4
Social Studies, including Economics	4	4
Physical Education*	1	1
Speech	0.5	0.5
Language other than English	2	3
Fine Arts	1	1
Electives**	5.5 credits	4.5 credits
Miscellaneous		Completion of 4 Advanced Measures***
TOTAL	26 credits	26 credits

* A student who is unable to participate in physical activity due to a disability or illness may be able to substitute a course in English language arts, mathematics, science, or social studies for the required credit of physical education. This determination will be made by the student’s ARD committee, Section 504 committee, or other campus committee, as applicable.

** State rules prohibit a student from combining a half-credit of a course for which there is an EOC assessment with another half-credit of an elective credit course to satisfy an elective credit requirement. However, the district will allow a student to satisfy a graduation requirement for which there are multiple options with one-half credit of one allowable option and one-half credit of another allowable option, if neither course has an EOC assessment.

*** A student graduating under the Advanced/Distinguished Achievement Program must also achieve a combination of four of the following advanced measures:

1. An original research project or other project that is related to the required curriculum. These projects must be judged by a panel of professionals or conducted under the direction of a mentor and reported to an appropriate audience. Please note that no more than two of the four advanced measures may be received from this option.
2. Test data where a student receives:
 - a. A score of three or above on an Advanced Placement (AP) exam;
 - b. A score of four or above on an International Baccalaureate (IB) exam; or
 - c. A score on the Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT) that qualifies the student for recognition as a commended scholar or higher by the College Board and National Merit Scholarship Corporation, as part of the National Hispanic Recognition Program (NHRP) of the College Board, or as part of the National Achievement Scholarship Program of the National Merit Scholarship Corporation. The PSAT/NMSQT score will count as only one advanced measure regardless of the number of honors received by the student.
3. College academic courses, including those taken for dual credit, and advanced technical courses, including locally articulated courses, provided the student scores the equivalent of a 3.0 or higher.

Foundation Graduation Program

Every student in a Texas public school who entered grade 9 in the 2014–15 school year and thereafter will graduate under the “foundation graduation program.” Within the foundation graduation program are “endorsements,” which are paths of interest that include Science, Technology, Engineering, and Mathematics (STEM); Business and Industry; Public Services; Arts and Humanities; and Multidisciplinary Studies. Endorsements earned by a student will be noted on the student’s transcript. The foundation graduation program also involves the term “distinguished level of achievement,” which reflects the completion of at least one endorsement and Algebra II as one of the required advanced mathematics credits. A personal graduation plan will be completed for each high school student, as described on page 63.

State law and rules prohibit a student from graduating solely under the foundation graduation program without an endorsement unless, after the student’s sophomore year, the student and student’s parent are advised of the specific benefits of graduating with an endorsement and submit written permission to the school counselor for the student to graduate without an endorsement. A student who anticipates graduating under the foundation graduation program without an endorsement and who wishes to attend a four-year university or college after graduation must carefully consider whether this will satisfy the admission requirements of the student’s desired college or university.

Graduating under the foundation graduation program will also provide opportunities to earn “performance acknowledgments” that will be acknowledged on a student’s transcript. Performance acknowledgments are available for outstanding performance in bilingualism and biliteracy; in a dual credit course, on an AP or IB exam, on certain national college preparatory

and readiness or college entrance exams, or for earning a nationally or internationally recognized license or certificate. The criteria for earning these performance acknowledgments are prescribed by state rules, and the school counselor can provide more information about these acknowledgments.

A student enrolled in high school prior to the 2014–15 school year has the option of graduating under the foundation graduation program rather than the programs identified above that would otherwise be applicable to that student. See the school counselor for additional information.

The foundation graduation program requires completion of the following credits:

Course Area	Number of credits Foundation Graduation Program with an Endorsement
English/Language Arts	4
Mathematics	4*
Science	4
Social Studies, including Economics	3
Physical Education**	1
Language other than English***	2
Fine Arts	1
Electives	7
Miscellaneous	Available Endorsements****: Science, Technology, Engineering, and Math Business and Industry Public Services Arts and Humanities Multidisciplinary
TOTAL	26 credits

* In order to obtain the distinguished level of achievement under the foundation graduation program, which will be denoted on a student’s transcript is a requirement to be considered for automatic admission purposes to a Texas four-year college or university, a student must complete an endorsement and take Algebra II as one of the four mathematics credits.

** A student who is unable to participate in physical activity due to a disability or illness may be able to substitute a course in English language arts, mathematics, science, social studies, or another locally determined credit-bearing course for the required credit of physical education. This determination will be made by the student's ARD committee, Section 504 committee, or other campus committee, as applicable.

*** Students are required to earn two credits in the same language other than English to graduate. Any student may substitute computer programming languages for these credits. In limited circumstances, a student may be able to substitute this requirement with other courses, as determined by a district committee authorized by law to make these decisions for the student.

**** A student must specify upon entering grade 9 the endorsement he or she wishes to pursue.

Personal Graduation Plans for Students Under The Foundation Graduation Program

A personal graduation plan will be developed for each high school student who is subject to the requirements of the foundation graduation program. The district encourages all students to pursue a personal graduation plan that includes the completion of at least one endorsement and to graduate with the distinguished level of achievement. Attainment of the distinguished level of achievement entitles a student to be considered for automatic admission to a public four year college or university in Texas, depending on his or her rank in class. The school will review personal graduation plan options with each student entering grade 9 and his or her parent. Before the end of grade 9, a student and his or her parent will be required to sign off on a personal graduation plan that includes a course of study that promotes college and workforce readiness and career placement and advancement, as well as facilitates the transition from secondary to postsecondary education. The student's personal graduation plan will denote an appropriate course sequence based on the student's choice of endorsement.

A student may, with parental permission, amend his or her personal graduation plan after the initial confirmation.

Available Course Options for all Graduation Programs

Information regarding specific courses required or offered in each curriculum area will be distributed to students each spring in order to enroll in courses for the upcoming school year. Note that the district may require the completion of certain courses for graduation even if these courses are not required by the state for graduation.

Please be aware that not all courses are offered at every secondary campus in the district. A student who wants to take a course not offered at his or her regular campus should contact the school counselor about a transfer or other alternatives. If the parents of at least 22 students request a transfer for those students to take a course in the required curriculum other than fine arts or CTE, the district will offer the course for the following year either by teleconference or at the school from which the transfers were requested.

Certificates of Coursework Completion

A certificate of coursework completion **will not** be issued to a student who has successfully completed state and local credit requirements for graduation but has not yet demonstrated satisfactory performance on the state-mandated tests required for graduation.

Students with Disabilities

Upon the recommendation of the admission, review, and dismissal (ARD) committee, a student with a disability who receives special education services may be permitted to graduate under the provisions of his or her IEP and in accordance with state rules.

A student who receives special education services and has completed four years of high school, but has not met the requirements of his or her IEP, may participate in graduation ceremonies and receive a certificate of attendance. Even if the student participates in graduation ceremonies to receive the certificate of attendance, he or she may remain enrolled to complete the IEP and earn his or her high school diploma; however, the student will only be allowed to participate in one graduation ceremony.

[See policy FMH(LEGAL).]

Please also be aware that if an ARD committee places a student with a disability on a modified curriculum in a subject area, the student will be automatically placed in the Minimum Program, if that program is applicable based on the school year in which the student entered high school, in accordance with state rules.

If a student receiving special education services is scheduled to graduate under the Minimum Program or in accordance with the provisions of his or her IEP, the student's ARD committee will determine whether the general EOC assessment is an accurate measure of the student's achievement and progress and, if so, whether successful performance is required for graduation, or whether an alternative assessment is more appropriate. STAAR Alternate is the alternative assessment currently allowed by the state. [See **Standardized Testing** for additional information.]

ARD committees for students with disabilities who receive special education services and who are subject to the foundation graduation program will make instructional and assessment decisions for these students in accordance with state law and rules. In order to earn an endorsement under the foundation program, a student must perform satisfactorily on the EOC assessments and receive no modified curriculum in the student's chosen endorsement area. A student may still be awarded an endorsement when the student fails to perform satisfactorily on no more than two EOC assessments but meets the other requirements for graduation under state law.

Graduation Activities

Students who have met coursework requirements for graduation but have not yet demonstrated satisfactory performance on end-of-course assessments will be allowed to participate in graduation activities. However, please keep in mind that participating in the activities and ceremonies is not synonymous with graduating. Ultimately, the final awarding of a diploma will be contingent upon the student's completion of all applicable requirements for graduation.

Graduation Speakers

Certain graduating students will be given an opportunity to have speaking roles at graduation ceremonies.

A student must meet local eligibility criteria, which may include requirements related to student conduct, to have a speaking role. Students eligible for speaking roles will be notified by the principal and given an opportunity to volunteer.

[See FNA(Local) and the Student Code of Conduct. For student speakers at other school events, see **Student Speakers** on page 88.]

Graduation Expenses

Because students and parents will incur expenses in order to participate in the traditions of graduation—such as the purchase of invitations, senior ring, cap and gown, and senior picture—both the student and parent should monitor progress toward completion of all requirements for graduation. The expenses often are incurred in the junior year or first semester of the senior year. [See **Student Fees** on page 57.]

Scholarships and Grants

Students who have a financial need according to federal criteria and who complete the Recommended Program or Advanced/Distinguished Achievement Program, for as long as those programs are in place, or who complete the foundation graduation program, may be eligible under the T.E.X.A.S. Grant Program for tuition and fees to Texas public universities, community colleges, and technical schools, as well as to private institutions.

Contact the school counselor for information about other scholarships and grants available to students.

HARASSMENT

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 43.]

HAZING

Hazing is defined as any intentional, knowing, or reckless act occurring on or off campus directed against a student that endangers the mental or physical health or the safety of a student for the purpose of pledging, being initiated to, affiliating with, holding office in, or maintaining membership in any organization whose members are or include other students.

Hazing will not be tolerated by the district. If an incident of hazing occurs, disciplinary consequences will be handled in accordance with the Student Code of Conduct. It is a criminal offense if a person engages in hazing; solicits, encourages, directs, aids, or attempts to aid another in hazing; or has firsthand knowledge of an incident of hazing being planned or having occurred and fails to report this to the principal or superintendent.

[Also see **Bullying** on page 37 and policies FFI and FNCC.]

HEALTH-RELATED MATTERS

Student Illness

When your child is ill, please contact the school to let us know he or she won't be attending that day. It is important to remember that schools are required to exclude students with certain illnesses from school for periods of time as identified in state rules. For example, if your child

has a fever over 100 degrees, he or she must stay out of school until fever free for 24 hours without fever-reducing medications. In addition, students with diarrheal illnesses must stay home until they are diarrhea free without diarrhea-suppressing medications for at least 24 hours. A full list of conditions for which the school must exclude children can be obtained from the school nurse.

If a student becomes ill during the school day, he or she must receive permission from the teacher before reporting to the school nurse. If the nurse determines that the child should go home, the nurse will contact the parent.

The district is also required to report certain contagious (communicable) diseases or illnesses to the Texas Department of State Health Services (TDSHS) or our local/regional health authority. The school nurse can provide information from TDSHS on these notifiable conditions.

Contact the school nurse if you have questions or if you are concerned about whether or not your child should stay home.

Bacterial Meningitis

State law requires the district to provide information about bacterial meningitis:

- What is meningitis?

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is common and most people recover fully. Parasitic and fungal meningitis are very rare. Bacterial meningitis is very serious and may involve complicated medical, surgical, pharmaceutical, and life support management.

- What are the symptoms?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Children (over 2 years old) and adults with bacterial meningitis commonly have a severe headache, high fever, and neck stiffness. Other symptoms might include nausea, vomiting, discomfort looking into bright lights, confusion, and sleepiness. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body.

The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

- How serious is bacterial meningitis?

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability.

- How is bacterial meningitis spread?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply

breathing the air where a person with meningitis has been. They are spread when people exchange respiratory or throat secretions (such as by kissing, coughing, or sneezing).

The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body's immune system and cause meningitis or another serious illness.

- How can bacterial meningitis be prevented?

Maintaining healthy habits, like getting plenty of rest, can help prevent infection. Using good health practices such as covering your mouth and nose when coughing and sneezing and washing your hands frequently with soap and water can also help stop the spread of the bacteria. It's a good idea not to share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.

There are vaccines available to offer protection from some of the bacteria that can cause bacterial meningitis.* The vaccines are safe and effective (85–90 percent). They can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

- What should you do if you think you or a friend might have bacterial meningitis?

You should seek prompt medical attention.

- Where can you get more information?

Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Department of State Health Services office to ask about a meningococcal vaccine. Additional information may also be found at the websites for the Centers for Disease Control and Prevention, <http://www.cdc.gov>, and the Department of State Health Services, <http://www.dshs.state.tx.us>.

* Please note that the TDSHS requires at least one meningococcal vaccination for a student ages 11 to 12 or for a student enrolling in grades 7 through 12, and state guidelines recommend this vaccination be administered between ages 11 and 12, with a booster dose at 16 years of age. Also note that entering college students must show, with limited exception, evidence of receiving a bacterial meningitis vaccination within the five-year period prior to enrolling in and taking courses at an institution of higher education. Please see the school nurse for more information, as this may affect a student who wishes to enroll in a dual credit course taken off campus.

Also refer to **Immunizations** on page 70 for more information.

Food Allergies

The district requests to be notified when a student has been diagnosed with a food allergy, especially those allergies that could result in dangerous or possibly life-threatening reactions either by inhalation, ingestion, or skin contact with the particular food. It is important to disclose the food to which the student is allergic, as well as the nature of the allergic reaction. Please contact the school nurse or campus principal if your child has a known food allergy or as soon as possible after any diagnosis of a food allergy.

The district has developed and annually reviews a food allergy management plan, which addresses employee training, dealing with common food allergens, and specific strategies for dealing with students diagnosed with severe food allergies. When the district receives information that a student has a food allergy that puts the student at risk for anaphylaxis, individual care plans will be developed to assist the student in safely accessing the school environment. The district's food allergy management plan can be accessed at school nurse's office.

Also see policy FFAF and **Celebrations** on page 37.

Head Lice

Head lice, although not an illness or a disease, is very common among children and is spread very easily through head-to-head contact during play, sports, or nap time and when children share things like brushes, combs, hats, and headphones. If careful observation indicates that a student has head lice, the school nurse will contact the student's parent to determine whether the child will need to be picked up from school and to discuss a plan for treatment with an FDA-approved medicated shampoo or cream rinse that may be purchased from any drug or grocery store. After the student has undergone one treatment, the parent should check in with the school nurse to discuss the treatment used. The nurse can also offer additional recommendations, including subsequent treatments and how best to get rid of lice and prevent their return. The campus nurse must inspect students who have been treated before they may return to campus or ride on district transportation.

More information on head lice can be obtained from the TDSHS website at <http://www.dshs.state.tx.us/schoolhealth/lice.shtm>.

Physical Activity Requirements

Junior High/Middle School

In accordance with policies at EHAB, EHAC, and [FFA] the district will ensure that students in middle or junior high school will engage in 30 minutes of moderate or vigorous physical activity per day for at least four semesters.

For additional information on the district's requirements and programs regarding junior high and middle school student physical activity requirements, please see the principal.

School Health Advisory Council (SHAC)

Additional information regarding the district's School Health Advisory Council is available from the principal. [See also policies at BDF and EHAA.]

The duties of the SHAC range from recommending curriculum to developing strategies for integrating curriculum into a coordinated school health program encompassing issues such as school health services, counseling services, a safe and healthy school environment, recess recommendations, improving student fitness, mental health concerns, and employee wellness. .

Student Wellness Policy/Wellness Plan

Martinsville ISD is committed to encouraging healthy students and therefore has developed a board-adopted wellness policy at FFA(LOCAL) and corresponding plans and procedures to implement the policy. You are encouraged to contact the principal with questions about the content or implementation of the district's wellness policy and plan.

Other Health-Related Matters

Physical Fitness Assessment

Annually, the district will conduct a physical fitness assessment of students in grades 3–12 who are enrolled in a physical education course or a course for which physical education credit is awarded. At the end of the school year, a parent may submit a written request to the principal to obtain the results of his or her child's physical fitness assessment conducted during the school year.

Vending Machines

The district has adopted and implemented the state and federal policies and guidelines for food service, including the guidelines to restrict student access to vending machines. For more information regarding these policies and guidelines, see the Food Service Coordinator. [See policies at CO and FFA.]

Tobacco and E-cigarettes Prohibited

Students are prohibited from possessing or using any type of tobacco product, electronic cigarettes (e-cigarettes) or any other electronic vaporizing device, while on school property at any time or while attending an off campus school-related activity.

The district and its staff strictly enforce prohibitions against the use of all tobacco products, including e-cigarettes or any other electronic vaporizing device, by students and all others on school property and at school-sponsored and school-related activities. [See the Student Code of Conduct and policies at FNCD and GKA.]

Asbestos Management Plan

The district works diligently to maintain compliance with federal and state law governing asbestos in school buildings. A copy of the district's Asbestos Management Plan is available in the superintendent's office. If you have any questions or would like to examine the district's plan in more detail, please contact the superintendent, the district's designated asbestos coordinator, at (936) 564-3455.

Pest Management Plan

The district is required to follow integrated pest management (IPM) procedures to control pests on school grounds. Although the district strives to use the safest and most effective methods to manage pests, including a variety of non-chemical control measures, pesticide use is sometimes necessary to maintain adequate pest control and ensure a safe, pest-free school environment.

All pesticides used are registered for their intended use by the United States Environmental Protection Agency and are applied only by certified pesticide applicators. Except in an emergency, signs will be posted 48 hours before indoor application. All outdoor applications will be posted at the time of treatment, and signs will remain until it is safe to enter the area. Parents who have further questions or who want to be notified prior to pesticide application inside their child's school assignment area may contact the principal, the district's IPM coordinator, at (936) 564-3455.

HOMELESS STUDENTS

You are encouraged to inform the district if you or your child are experiencing homelessness. District staff can share resources with you that may be able to assist you and your family.

For more information on services for homeless students, contact the district's homeless education liaison, the principal, at (936) 564-3455.

[See also **Homeless Students** on page 70.]

HOMEWORK

Homework, for students, may be assigned by teachers on a daily basis. The intent of homework is to provide the opportunity for extension of a lesson or learning opportunity for students. Students are often given homework to help them master concepts or practices necessary for classroom and course success. Many times students have homework that consists of completion of an activity or assignment that began within the classroom. Teachers will determine the length, intensity and due date of any homework assignment and communicate this information to all students.

ILLNESS

[See **Student Illness** under **Health-Related Matters** on page 65.]

IMMUNIZATION

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized. For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (TDSHS), Immunization Branch, can be honored by the district. This form may be obtained by writing the TDSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347; or online at <https://corequest.dshs.texas.gov/>. The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are: diphtheria, tetanus, and pertussis; measles, mumps, and rubella; polio; hepatitis A; hepatitis B; varicella (chicken pox); and meningococcal. The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by the TDSHS. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. registered and licensed physician stating that, in the doctor's opinion, the immunization required is medically contraindicated or poses a significant risk to the health and well-being of the student or a member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a life-long condition.

As noted at **Bacterial Meningitis**, entering college students must also, with limited exception, furnish evidence of having received a bacterial meningitis vaccination within the five years prior to enrolling in and attending classes at an institution of higher education. A student wanting to enroll in a dual credit course taken off campus may be subject to this requirement.

[For further information, see policy FFAB(LEGAL) and the TDSHS website:
<http://www.dshs.state.tx.us/immunize/school/default.shtm>.]

LATE ARRIVAL

A student who is tardy to class must sign in at the administration office. They will receive a tardy slip that will allow them into class. Repeated instances of tardiness will result in more severe disciplinary action. Verbal warning, written warning and then the student will be issued a referral for failure to comply. If a student is 10 minutes late to a class it will be considered an absence. (90% attendance requirement)

LAW ENFORCEMENT AGENCIES

Questioning of Students

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation. In other circumstances:

- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.
- The principal ordinarily will make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.
- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.

Students Taken Into Custody

State law requires the district to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.

- By an authorized representative of Child Protective Services, Texas Department of Family and Protective Services, a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student's physical health or safety.
- To comply with a properly issued directive to take a student into custody.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer's identity and, to the best of his or her ability, will verify the official's authority to take custody of the student.

The principal will immediately notify the superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student's release to a law enforcement officer, any notification will most likely be after the fact.

Notification of Law Violations

The district is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been taken into custody, arrested, or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who is thought to have committed certain offenses or who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors.
- All appropriate district personnel in regards to a student who is required to register as a sex offender.

[For further information, see policies FL(LEGAL) and GRAA(LEGAL).]

LEAVING CAMPUS

Please remember that student attendance is crucial to learning. We ask that appointments be scheduled outside of school hours as much as reasonably possible. Also note that picking up a child early on a regular basis results in missed opportunities for learning. Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the school day.

State rules require that parental consent be obtained before any student is allowed to leave campus for any part of the school day. The district has put the following procedures in place in order to document parental consent:

- For students in junior high school, a parent or otherwise authorized adult must come to the office and sign the student out. Please be prepared to show identification. Once an identity is verified, a campus representative will then call for the student or collect the student and bring him or her to the office. For safety purposes and stability of the learning environment, we cannot allow you to go to the classroom or other area

unescorted to pick up the student. If the student returns to campus the same day, the parent or authorized adult must sign the student back in through the main office upon the student's return. Documentation regarding the reason for the absence will also be required.

- For students in high school, the same process will be followed. If the student's parent will authorize the student to leave campus unaccompanied, a note provided by the parent must be submitted to the main office in advance of the absence, no later than two hours prior to the student's need to leave campus. A phone call received from the parent may be accepted, but the school may ultimately require a note to be submitted for documentation purposes. Once the office has received information that the student's parent consents to the student leaving campus, a pass will be issued to the student to hand to his or her teacher with the necessary information. The student must sign out through the main office and sign in upon his or her return, if the student returns the same day. If a student is 18 years of age or is an emancipated minor, the student may produce a note on his or her own behalf. Documentation regarding the reason for the absence will be required.
- If a student becomes ill during the school day and the school nurse or other district personnel determines that the student should go home, the nurse will contact the student's parent and document the parent's wishes regarding release from school. Unless directed by the parent to release the student unaccompanied, the parent or other authorized adult must follow the sign-out procedures as listed above. If a student is allowed to leave campus by himself or herself, as permitted by the student's parent, or if the student is age 18 or is an emancipated minor, the nurse will document the time of day the student was released. Under no circumstances will a child in elementary or middle school be released unaccompanied by a parent or adult authorized by the parent.

During Lunch

Martinsville ISD is a closed campus. No students are allowed to leave campus at any time for lunch purposes.

At Any Other Time During the School Day

Students are not authorized to leave campus during regular school hours for any other reason, except with the permission of the principal.

Students who leave campus in violation of these rules will be subject to disciplinary action in accordance with the Student Code of Conduct.

LIMITED ENGLISH PROFICIENT STUDENTS

A student with limited English proficiency (LEP), sometimes referred to as an English language learner (ELL) in certain state statutes and state rules, is entitled to receive specialized services from the district. To determine whether the student qualifies for services, a Language Proficiency Assessment Committee (LPAC) will be formed, which will consist of both district personnel and at least one parent representative. The student's parent must consent to any services recommended by the LPAC for a LEP student. However, pending the receipt of

parental consent or denial of services, an eligible student will receive the services to which the student is entitled and eligible.

In order to determine a student's level of proficiency in English, the LPAC will use information from a variety of assessments. If the student qualifies for services and once a level of proficiency has been established, the LPAC will then designate instructional accommodations or additional special programs the student will require to eventually become proficient at grade level work in English. Ongoing assessments will be conducted to determine a student's continued eligibility for the program.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR-L, as mentioned at **Standardized Testing** on page 86, may be administered to a LEP student, or, for a student up to grade 5, a Spanish version of STAAR. In limited circumstances, a student's LPAC may exempt the student from an otherwise required state-mandated assessment or may waive certain graduation requirements related to the English I and II end-of-course (EOC) assessments. The Texas English Language Proficiency Assessment System (TELPAS) will also be administered to LEP students who qualify for services.

If a student is considered LEP and receives special education services because of a qualifying disability, the student's ARD committee will make instructional and assessment decisions in conjunction with the LPAC.

LOST AND FOUND

A "lost and found" collection box is located in the administration office. If your child has lost an item, please encourage him or her to check the lost and found box. The district discourages students from bringing to school personal items of high monetary value, as the district is not responsible for lost or stolen items. The campus will dispose of lost and found items at the end of each semester.

MAKEUP WORK

Makeup Work Because of Absence

For any class missed, the teacher may assign the student makeup work based on the instructional objectives for the subject or course and the needs of the individual student in mastering the essential knowledge and skills or in meeting subject or course requirements.

A student will be responsible for obtaining and completing the makeup work in a satisfactory manner and within the time specified by the teacher. A student who does not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment.

A student is encouraged to speak with his or her teacher if the student knows of an absence ahead of time, including absences for extracurricular activities, so that the teacher and student may plan any work that can be completed before or shortly after the absence. Please remember the importance of student attendance at school and that, even though absences may be excused or unexcused, all absences account for the 90 percent threshold in regards to the state laws surrounding "attendance for credit or final grade." [See also **Attendance for Credit or Final Grade** on page 32.]

A student involved in an extracurricular activity must notify his or her teachers ahead of time about any absences.

A student will be permitted to make up tests and to turn in projects due in any class missed because of absence. Teachers may assign a late penalty to any long-term project in accordance with time lines approved by the principal and previously communicated to students.

DAEP Makeup Work

Grades 7-12

A high school student removed to a disciplinary alternative education program (DAEP) during the school year will have an opportunity to complete, before the beginning of the next school year, a foundation curriculum course in which the student was enrolled at the time of removal. The district may provide the opportunity to complete the course through an alternative method, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FOCA(LEGAL).]

In-school Suspension (ISS) Makeup Work

A student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FO(LEGAL).]

MEDICINE AT SCHOOL

Medication that must be administered to a student during school hours must be provided by the student's parent. All medication, whether prescription or nonprescription, must be kept in the nurse's office and administered by the nurse or another authorized district employee, unless the student is authorized to possess his or her own medication because of asthma or a severe allergy as described below or as otherwise allowed by law.

The district will not purchase nonprescription medication to give to a student. District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, with the following exceptions:

- Only authorized employees, in accordance with policy FFAC, may administer:
 - Prescription medication, in the original, properly labeled container, provided by the parent, along with a written request.
 - Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container.
 - Nonprescription medication, in the original, properly labeled container, provided by the parent along with a written request.

- Herbal or dietary supplements provided by the parent only if required by the student's individualized education program (IEP) or Section 504 plan for a student with disabilities.

Students whose schedules provide for regular time spent outdoors, including for recess and physical education classes, should apply sunscreen before coming to school.

For students at the secondary level, a student may possess and apply sunscreen when necessary. If the student will need assistance with this application, please address the need for assistance with the school nurse.

Whether a student is at the elementary or secondary level, if sunscreen needs to be administered to treat any type of medical condition, this should be handled through communication with the school nurse so that the district is made aware of any safety and medical issues.

A student with asthma or severe allergic reaction (anaphylaxis) may be permitted to possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her physician or health-care provider, and to the school nurse, the ability to use the prescribed medication, including any device required to administer the medication.

If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse or principal.

In accordance with a student's individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or principal for information. [See policy FFAF(LEGAL).]

Psychotropic Drugs

A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on perception, emotion, or behavior and is commonly described as a mood- or behavior-altering substance.

Teachers and other district employees may discuss a student's academic progress or behavior with the student's parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [For further information, see policy FFAC.]

MESSAGES

Student messages that are received in the office will be delivered to students in a timely fashion. Emergencies will be handled immediately. During 8th period, parents need to understand that it is very difficult to get messages to all students due to time constraints. Please make all calls, with the exception of emergencies, prior to 2:30 to allow time to deliver messages without interrupting instruction. Your cooperation in this matter will be greatly appreciated.

NONDISCRIMINATION STATEMENT

In its efforts to promote nondiscrimination and as required by law, Martinsville ISD does not discriminate on the basis of race, religion, color, national origin, gender, sex, disability, age, or any other basis prohibited by law, in providing education services, activities, and programs, including CTE programs, and provides equal access to the Boy Scouts and other designated youth groups. The following district representatives have been designated to coordinate compliance with these legal requirements:

- Title IX Coordinator, for concerns regarding discrimination on the basis of sex, including sexual harassment or gender-based harassment: Monty Pepper, Principal, PO Box 100, Martinsville, Texas. 75958
- ADA/Section 504 Coordinator, for concerns regarding discrimination on the basis of disability: Monty Pepper, Principal, PO Box 100, Martinsville, Texas. 75958
- All other concerns regarding discrimination: See the superintendent, David Simmons, Superintendent, PO Box 100, Martinsville, Texas. 75958

[See policies FB(LOCAL) and FFH(LOCAL).]

NONTRADITIONAL ACADEMIC PROGRAMS

[See **Requirements for a Diploma** on page 58.]

PARENTAL INVOLVEMENT

Working Together

Both experience and research tell us that a child's education succeeds best when there is good communication and a strong partnership between home and school. Your involvement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child on a daily basis to make the most of the educational opportunities the school provides.
- Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.
- Becoming familiar with all of your child's school activities and with the academic programs, including special programs, offered in the district.
- Discussing with the school counselor or principal any questions you may have about the options and opportunities available to your child.
- Reviewing the requirements and options for graduation with your child in middle school and again while your child is enrolled in high school.
- Monitoring your child's academic progress and contacting teachers as needed. [See **Academic Counseling** on page 42.]
- Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a teacher, school counselor, or principal, please call the school office at (936) 564-3455 for an appointment. The teacher

will usually return your call or meet with you during his or her conference period or before or after school. [See **Report Cards/Progress Reports and Conferences** on page 81.]

- Becoming a school volunteer. [For further information, see policy GKG and **Volunteers** on page 92.]
- Participating in campus parent organizations. Parent organizations include: PTO
- Serving as a parent representative on the district-level or campus-level planning committees, assisting in the development of educational goals and plans to improve student achievement. For further information, see policies at BQA and BQB, and contact the principal.
- Serving on the School Health Advisory Council (SHAC), assisting the district in ensuring local community values are reflected in health education instruction and other wellness issues. [See policies at BDF, EHAA, FFA, and information in this handbook at **School Health Advisory Council** on page 68.]
- Serving on a committee to determine criteria to be used to evaluate the overall performance of the district and each campus in community and student engagement. For further information, please contact the campus principal.
- Being aware of the school's ongoing bullying and harassment prevention efforts.
- Contacting school officials if you are concerned with your child's emotional or mental well-being.
- Attending board meetings to learn more about district operations. [See policies at BE and BED for more information.]

Parent Involvement Coordinator

The Parent Involvement Coordinator, who works with parents of students participating in Title I programs is the principal and may be contacted at (936) 564-3455 or mpepper@martinsvilleisd.com.

PHYSICAL EXAMINATIONS / HEALTH SCREENINGS

Athletics' Participation

A student who wishes to participate in, or continue participation in, the district's athletics program governed by the UIL must submit certification from a health-care provider authorized under UIL rules that the student has been examined and is physically able to participate in the athletic program.

This examination is required in the first year of middle school competition and the first and third years of high school competition. During the alternate years, the student must complete a medical appraisal form, and the results of this appraisal may prompt the district to require a physical examination.

Other Exams and Screenings

Students are required to undergo a risk assessment for type 2 diabetes at the same time the district screens students for hearing and vision issues, or for abnormal spinal curvatures.

Also see policy FFAA.

PLEDGES OF ALLEGIANCE AND A MINUTE OF SILENCE

Each school day, students will recite the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge. [See **Reciting the Pledges to the U.S. and Texas Flags** on page 22.]

State law requires that one minute of silence follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. In addition, state law requires that each campus provide for the observance of one minute of silence at the beginning of the first class period when September 11 falls on a regular school day in remembrance of those who lost their lives on September 11, 2001.

[See policy EC for more information.]

PRAYER

Each student has a right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not encourage, require, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

PROMOTION AND RETENTION

A student will be promoted only on the basis of academic achievement or demonstrated proficiency in the subject matter of the course or grade level, the recommendation of the student's teacher, the score received on any criterion-referenced or state-mandated assessment, and any other necessary academic information as determined by the district.

In addition, at certain grade levels a student—with limited exceptions—will be required to pass the State of Texas Assessments of Academic Readiness (STAAR), if the student is enrolled in a public Texas school on any day between January 1 and the date of the first administration of the STAAR.

Junior High Grade Levels

In order to be promoted to grade 9, students enrolled in grade 8 must perform satisfactorily on the mathematics and reading sections of the grade 8 assessment in English.

If a student in grade 8 is enrolled in a course that earns high school credit and for which an end-of-course (EOC) assessment will be administered, the student will not be subject to the promotion requirements described above for the relevant grade 8 assessment.

If a student in grades 3–8 is enrolled in a class or course intended for students above his or her current grade level in which the student will be administered a state-mandated assessment, the student will be required to take an applicable state-mandated assessment only for the course in which he or she is enrolled, unless otherwise required to do so by federal law.

If a student is in grade 8 and is enrolled in a course for which high school credit is earned and an EOC assessment is scheduled to be administered, there may be federal accountability implications. However, the Commissioner of Education has communicated that only the EOC assessment will be used for state and federal accountability. Refer to the Editorial Notes at Standardized Testing on page 86 for more

[See **Standardized Testing** on page 86.]

A student in grade 8 will have two additional opportunities to take a failed assessment. If a student fails a second time, a grade placement committee, consisting of the principal or designee, the teacher, and the student’s parent, will determine the additional special instruction the student will receive. After a third failed attempt, the student will be retained; however, the parent can appeal this decision to the committee. In order for the student to be promoted, based on standards previously established by the district, the decision of the committee must be unanimous and the student must complete additional special instruction before beginning the next grade level. Whether the student is retained or promoted, an educational plan for the student will be designed to enable the student to perform at grade level by the end of the next school year. [See policy EIE.]

Certain students—some with disabilities and some with limited English proficiency—may be eligible for exemptions, accommodations, or deferred testing. For more information, see the principal, school counselor, or special education director.

In addition, at certain grade levels a student—with limited exceptions—will be required to pass the State of Texas Assessments of Academic Readiness (STAAR), if the student is enrolled in a public Texas school on any day between January 1 and the date of the first administration of the STAAR.

A Personal Graduation Plan (PGP) will be prepared for any student at the middle school or junior high level who did not perform satisfactorily on a state-mandated assessment or is determined by the district as not likely to earn a high school diploma before the fifth school year following enrollment in grade 9. The PGP will be designed and implemented by a school counselor, teacher, or other staff member designated by the principal. The plan will, among other items, identify the student’s educational goals, address the parent’s educational expectations for the student, and outline an intensive instruction program for the student. [For additional information, see the school counselor or principal and policy EIF(LEGAL).] For a student receiving special education services, the student’s IEP may serve as the student’s PGP and would therefore be developed by the student’s ARD committee.

For information related to the development of personal graduation plans for high school students, see **Personal Graduation Plans for Students Under the Foundation Graduation Program** on page 63.

High School Grade Levels

In grades 9-12, promotion is based on credit attainment.

A student in grades 9–12 will be advanced a grade level based on the number of course credits earned. [Also see **Grade Level Classification** on page 57.]

To earn credit in a course, a student must receive a grade of at least 70 based on course-level or grade-level standards.

Students will also have multiple opportunities to retake EOC assessments. [See Graduation on page 58 and Standardized Testing on page 86 for more information about EOC assessments.]

RELEASE OF STUDENTS FROM SCHOOL

[See **Leaving Campus** on page 72.]

REPORT CARDS / PROGRESS REPORTS AND CONFERENCES

Report cards with each student's grades or performance and absences in each class or subject are issued to parents at least once every six weeks.

At the end of the first three weeks of a grading period, parents will be given a written progress report if their child's performance in any course / subject area is near or below 75, or is below the expected level of performance. If the student receives a grade lower than 70 in any class or subject at the end of a grading period, the parent will be requested to schedule a conference with the teacher of that class or subject. [See **Working Together** on page 77 for how to schedule a conference.]

Teachers follow grading guidelines that have been approved by the principal pursuant to the board-adopted policy and are designed to reflect each student's relative mastery of each assignment for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district's grading policy. [See policy EIA(LOCAL) and **Grading Guidelines** on page 57.]

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

Report cards and unsatisfactory progress reports must be signed by the parent and returned to the school within 3 days.

RETALIATION

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 43.]

SAFETY

Student safety on campus, at school-related events, and on district vehicles is a high priority of the district. Although the district has implemented safety procedures, the cooperation of students is essential to ensuring school safety. A student is expected to:

- Avoid conduct that is likely to put the student or others at risk.
- Follow the behavioral standards in this handbook and the Student Code of Conduct, as well as any additional rules for behavior and safety set by the principal, teachers, or bus drivers.
- Remain alert to and promptly report to a teacher or the principal any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.

Accident Insurance

Soon after the school year begins, parents will have the opportunity to purchase low-cost accident insurance that would help meet medical expenses in the event of injury to their child.

Preparedness Drills: Evacuation, Severe Weather, and Other Emergencies

From time to time, students, teachers, and other district employees will participate in preparedness drills of emergency procedures. When the command is given or alarm is sounded, students need to follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

Emergency Medical Treatment and Information

If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school may have to rely on previously provided written parental consent to obtain emergency medical treatment, and information about allergies to medications, foods, insect bites, etc. Therefore, parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the school nurse to update any information that the nurse or the teacher needs to know.

Emergency School-Closing Information

Each year, parents are asked to complete an emergency release form to provide contact information in the event that school is dismissed early or opening is delayed because of severe weather or another emergency, or if the campus must restrict access due to a security threat.

If the campus must close, delay opening, or restrict access to the building because of an emergency, the district will alert the community in the following ways: contacting local media sources in radio and TV, utilizing the ALL CALL Notification system and sending a message to parents, students, staff and faculty, notification through MISD's Facebook page.

SAT, ACT, AND OTHER STANDARDIZED TESTS

See **Standardized Testing** on page 86.

SCHEDULE CHANGES

All students should refer to the counselor for changes that need to be made in scheduling. The counselor will contact the parent/guardian and a meeting may be held to discuss potential options for the student.

SCHOOL FACILITIES

Use by Students Before and After School

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.

The following areas are open to students before school, beginning at 7:30 a.m. Please note that any student who arrives on campus prior to 7:30 will not be supervised.

- High School gymnasium
- MISD Cafeteria

Unless the teacher or sponsor overseeing an activity gives permission, a student will not be permitted to go to another area of the building or campus.

After dismissal of school in the afternoon, unless a student is involved in an activity under the supervision of a teacher or other authorized employee or adult, or unless students are granted permission to remain on campus in accordance with policy FNAB, students must leave campus immediately.

Conduct Before and After School

Teachers and administrators have full authority over student conduct at before- or after-school activities on district premises and at school-sponsored events off district premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the Student Code of Conduct or any stricter standards of behavior established by the sponsor for extracurricular participants.

Use of Hallways During Class Time

Loitering or standing in the halls during class is not permitted. During class time, a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the Student Code of Conduct.

Cafeteria Services

The district participates in the School Breakfast Program and National School Lunch Program and offers students nutritionally balanced meals daily in accordance with standards set forth in state and federal law. Free and reduced-price meals are available based on financial need or

household situation. Information about a student's participation is confidential; however, disclosure of a student's eligibility may be made without prior notice or consent to programs, activities, and individuals that are specifically authorized access under the National School Lunch Act (NSLA), which is the law that sets forth the disclosure limits for the district's child nutrition programs. A student's name, eligibility status, and other information may be disclosed to certain agencies as authorized under the NSLA to facilitate the enrollment of eligible children in Medicaid or the state children's health insurance program (CHIP) unless the student's parent notifies the district that a student's information should not be disclosed. A parent's decision will not affect the child's eligibility for free and reduced price meals or free milk. See to apply for free or reduced price meal services. See the business office manager to apply.

Parents are strongly encouraged to continually monitor their child's meal account balance. When a student's meal account is depleted, the district will notify the parent. The student will be allowed to continue purchasing meals for up to 1 day or charge or up to \$3.45, whichever occurs first, and the district will present the parent with a schedule of repayment for any outstanding account balance. If the district is unable to work out an agreement with the student's parent on replenishment of the student's meal account and payment of any outstanding balance, the student will receive an alternate meal.

Library

The library is a learning laboratory with books, computers, magazines, and other materials available for classroom assignments, projects, and reading or listening pleasure. The library is open for independent student use during specific times within the school day. Please contact the librarian to confirm available times. Do not send students to the library without permission or without making arrangements with the librarian.

Meetings of Non-curriculum-Related Groups

Student-organized, student-led non-curriculum-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB(LOCAL).

A list of these groups is available in the principal's office.

SEARCHES

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, district officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.

Students' Desks and Lockers

Students' desks and lockers are school property and remain under the control and jurisdiction of the school even when assigned to an individual student.

Students are fully responsible for the security and contents of their assigned desks and lockers. Students must be certain that their lockers are locked, and that the combinations are not available to others.

Searches of desks or lockers may be conducted at any time there is reasonable suspicion to believe that they contain articles or materials prohibited by policy, whether or not a student is present.

The parent will be notified if any prohibited items are found in the student's desk or locker.

Telecommunications and Other Electronic Devices

Use of district-owned equipment and its network systems is not private and will be monitored by the district. [See policy CQ for more information.]

Any searches of personal telecommunications or other personal electronic devices will be conducted in accordance with law, and the device may be confiscated in order to perform a lawful search. A confiscated device may be turned over to law enforcement to determine whether a crime has been committed.

The school telephones in any office or classroom is for school use only. Students will not be allowed to use the phone unless it relates to school business. Students will **not be allowed** to miss class time to use the phone. Students will be allowed to use the phone before or after school, at lunch, or break.

[See policy FNF(LEGAL) and **Electronic Devices and Technology Resources** on page 50 for more information.]

Vehicles on Campus

A student has full responsibility for the security and content of his or her vehicle parked on district property and must make certain that it is locked and that the keys are not given to others. [See also the Student Code of Conduct.]

Vehicles parked on district property are under the jurisdiction of the district. School officials may search any vehicle any time there is reasonable suspicion to do so, with or without the permission of the student. If a vehicle subject to search is locked, the student will be asked to unlock the vehicle. If the student refuses, the student's parent will be contacted. If a search is also refused by the student's parent, the district will turn the matter over to law enforcement. The district may, in certain circumstances, contact law enforcement even if permission to search is granted.

Trained Dogs

The district will use trained dogs to alert school officials to the presence of prohibited or illegal items, including drugs and alcohol. At any time, trained dogs may be used around lockers and the areas around vehicles parked on school property. Searches of classrooms, common areas, or student belongings may also be conducted by trained dogs when students are not present. An item in a classroom, a locker, or a vehicle to which a trained dog alerts may be searched by school officials.

Drug-Testing

[For further information, see policy FNF(LOCAL). Also see **Steroids** on page 88.]

SEMESTER EXAM EXEMPTIONS

In order for students in grades 9-12 to be eligible for an exemption, they must meet the following criteria:

- Maintain an average of 90-100 and have no more than 3 absences.
- Maintain an average of 80-89 and have no more than 2 absences.
- Maintain an average of 70-79 and have no more than 1 absence.

Three tardies in a class equals one absence.

The district may impose stricter standards at any time with proper notification to the students in a reasonable time. Students who are awarded an exemption must attend school until they are released.

SEXUAL HARASSMENT

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 43.]

SPECIAL PROGRAMS

The district provides special programs for gifted and talented students, homeless students, bilingual students, migrant students, students with limited English proficiency or who are English language learners, students diagnosed with dyslexia, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the district or by other organizations. A student or parent with questions about these programs should contact the principal or school counselor.

STANDARDIZED TESTING

Secondary Grade Levels

SAT/ACT (Scholastic Aptitude Test and American College Test)

Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. Students are encouraged to talk with the school counselor early during their junior year to determine the appropriate exam to take; these exams are usually taken at the end of the junior year. The Preliminary SAT (PSAT) and ACT-Aspire are the corresponding preparatory and readiness assessments for the SAT and ACT, and more information can be obtained on these assessments from the school counselor. A student's performance at a certain level on the SAT or ACT also makes the student eligible for automatic admission to a Texas public institution of higher education.

TSI (Texas Success Initiative) Assessment

Prior to enrollment in a Texas public college or university, most students must take a standardized test called the Texas Success Initiative (TSI) assessment. The purpose of the TSI assessment is to assess the reading, mathematics, and writing skills that entering freshmen-level students should have if they are to perform effectively in undergraduate certificate or degree programs in Texas public colleges and universities. This assessment may be required before a

student enrolls in a dual-credit course offered through the district as well. Achieving certain benchmark scores on this assessment for college readiness may also waive certain end-of-course assessment requirements in limited circumstances.

STAAR (State of Texas Assessments of Academic Readiness)

Grades 3–8

In addition to routine tests and other measures of achievement, students at certain grade levels are required to take the state assessment, called STAAR, in the following subjects:

- Mathematics, annually in grades 3–8
- Reading, annually in grades 3–8
- Writing, including spelling and grammar, in grades 4 and 7
- Science in grades 5 and 8
- Social Studies in grade 8

Successful performance on the reading and math assessments in grades 5 and 8 is required by law, unless the student is enrolled in a reading or math course intended for students above the student’s current grade level, in order for the student to be promoted to the next grade level. See **Promotion and Retention** on page 79 for additional information.

STAAR A will be available for an eligible student with a Section 504 accommodation plan who has been identified with dyslexia or a related disorder, as well as for a student receiving special education services, if the student meets state-established criteria and requires certain instructional and assessment accommodations on a routine basis.

STAAR Alternate, for students receiving special education services who meet certain state-established criteria, will be available for eligible students, as determined by the student’s ARD committee.

STAAR-L is a linguistically accommodated assessment that is available for certain limited English proficient (LEP) students, as determined by the student’s Language Proficiency Assessment Committee (LPAC). A Spanish version of STAAR is also available to students through grade 5 who need this accommodation.

High School Courses-End-of-Course (EOC) Assessments

STAAR end-of-course (EOC) assessments are administered for the following courses:

- Algebra I
- English I and English II,
- Biology
- United States History

Satisfactory performance on the applicable assessments will be required for graduation, unless otherwise waived or substituted as allowed by state law and rules.

There are three testing windows during the year in which a student may take an EOC assessment, which will occur during the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have additional opportunities to retake the assessment.

STAAR A will be available for an eligible student with a Section 504 accommodation plan who has been identified with dyslexia or a related disorder, as well as for a student receiving special education services, if the student meets state-established criteria and requires certain instructional and assessment accommodations on a routine basis.

STAAR Alternate 2, for students receiving special education services who meet certain criteria established by the state, will be available for eligible students, as determined by the student's ARD committee.

A student's ARD committee for students receiving special education services will determine whether successful performance on the EOC assessments will be required for graduation within the parameters identified in state rules and the student's personal graduation plan.

STAAR-L, which is a linguistically accommodated assessment, will be available for students who have been determined to be limited English proficient (LEP) and who require this type of testing accommodation.

Also see **Graduation** on page 58 for additional information.

STEROIDS

State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for medical use only, and only a physician can prescribe use.

Body building, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

STUDENTS IN FOSTER CARE

In an effort to provide educational stability, the district strives to assist any student who is currently placed or newly placed in foster care (temporary or permanent custody of the state) with the enrollment and registration process, as well as other educational services throughout the student's enrollment in the district.

Please contact the principal, who has been designated as the district's foster care liaison, at (936) 564-3455 with any questions.

[See also **Students in the Conservatorship of the State** on page 28 for more information.]

STUDENT SPEAKERS

The district provides students the opportunity to introduce the following school events: graduation. If a student meets the eligibility criteria and wishes to introduce one of the school events listed above, the student should submit his or her name in accordance with policy FNA(LOCAL).

[See policy FNA(LOCAL) regarding other speaking opportunities and **Graduation** on page 58 for information related to student speech at graduation ceremonies.]

SUBSTANCE ABUSE PREVENTION AND INTERVENTION

If you are worried that your child may be using or is in danger of experimenting, using, or abusing illegal drugs or other prohibited substances, please contact the school counselor. The school counselor can provide you with a list of community resources that may be of assistance to you. The TDSHS maintains information regarding children's mental health and substance abuse intervention services on its website: <http://www.dshs.state.tx.us/mhsa-child-adolescent-services/>.

SUICIDE AWARENESS

The district is committed to partnering with parents to support the healthy mental, emotional, and behavioral development of its students. If you are concerned about your child, please access <http://www.texasuicideprevention.org> or contact the school counselor for more information related to suicide prevention services available in your area.

SUMMER SCHOOL

MISD does not offer summer school. However, students who are part of the Student Success Initiative grades or are in Junior High / High School who have failed to meet the passing standard on state assessments will be provided with the opportunity to access accelerated instruction during the summer months to help them prepare for any summer administration of state assessments.

TARDIES

A student who is tardy to class by more than 10 minutes will be counted absent unless they can provide documentation from a faculty or staff member which identifies the reason the student was tardy. Repeated instances of tardiness will result in more severe disciplinary action, in accordance with the Student Code of Conduct.

TEXTBOOKS, ELECTRONIC TEXTBOOKS, TECHNOLOGICAL EQUIPMENT, AND OTHER INSTRUCTIONAL MATERIALS

Textbooks and other district-approved instructional materials are provided to students free of charge for each subject or class. Any books must be covered by the student, as directed by the teacher, and treated with care. Electronic textbooks and technological equipment may also be provided to students, depending on the course and course objectives. A student who is issued a damaged item should report the damage to the teacher. Any student failing to return an item in acceptable condition loses the right to free textbooks and technological equipment until the item is returned or the damage paid for by the parent; however, the student will be provided the necessary instructional resources and equipment for use at school during the school day.

TRANSFERS

The principal is authorized to transfer a student from one classroom to another.

[See **Safety Transfers / Assignments**, on page 27, **Bullying**, on page 35, and **Students Who Have Learning Difficulties or Who Need Special Education Services**, on page 28, for other transfer options.]

TRANSPORTATION

School-Sponsored Trips

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. As approved by the principal, a coach or sponsor of an extracurricular activity may establish procedures related to making an exception to this requirement when a parent requests that the student be released to the parent or to another adult designated by the parent.

Buses and Other School Vehicles

The district makes school bus transportation available to all students living two or more miles from school. This service is provided at no cost to students.

Bus routes and stops will be designated annually, and any subsequent changes will be posted at the school and on the district's website. For the safety of the operator of the vehicle and all passengers, students must board buses or other vehicles only at authorized stops, and drivers must unload passengers only at authorized stops.

A parent may also designate a child-care facility or grandparent's residence as the regular pickup and drop-off location for his or her child. The designated facility or residence must be on an approved stop on an approved route. For information on bus routes and stops or to designate an alternate pickup or drop-off location, you may contact Robert Philbrick, Director of Transportation at (936) 564-3455 or the principal.

See the Student Code of Conduct for provisions regarding transportation to the DAEP.

Students are expected to assist district staff in ensuring that buses and other district vehicles remain in good condition and that transportation is provided safely. When riding in district vehicles, including buses, students are held to behavioral standards established in this handbook and the Student Code of Conduct. Students must:

- Follow the driver's directions at all times.
- Enter and leave the vehicle in an orderly manner at the designated stop.
- Keep feet, books, instrument cases, and other objects out of the aisle.
- Not deface the vehicle or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the vehicle.
- Not possess or use any form of tobacco on any district vehicle.
- Observe all usual classroom rules.
- Be seated while the vehicle is moving.
- Fasten their seat belts, if available.
- Wait for the driver's signal upon leaving the vehicle and before crossing in front of the vehicle.
- Follow any other rules established by the operator of the vehicle.

Misconduct will be punished in accordance with the Student Code of Conduct; the privilege to ride in a district vehicle, including a school bus, may be suspended or revoked.

BUS REFERRALS

1 st referral	Minimum discipline will be a verbal warning
2 nd referral	Minimum discipline will be three days removal from riding the bus.
3 rd referral	Minimum discipline will be five days removal from riding the bus.
4 th referral	Minimum discipline will be removal from riding the bus the remainder of the semester.
5 th referral	Minimum discipline will be removal from riding the bus the remainder of the school term.

VANDALISM

The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended—both this year and for years to come—littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

VIDEO CAMERAS

For safety purposes, video and audio recording equipment is used to monitor student behavior, including on buses and in various areas on campus. Students will not be told when the equipment is being used.

The principal will review the video and audio recordings routinely and document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

VISITORS TO THE SCHOOL

General Visitors

Parents and others are welcome to visit district schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must first report to the main office and must comply with all applicable district policies and procedures. When arriving on campus, all parents and other visitors should be prepared to show identification.

Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher and only so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment. Even if the visit is approved prior to the visitor's arrival, the individual must check in at the main office first.

All visitors are expected to demonstrate the highest standards of courtesy and conduct; disruptive behavior will not be permitted.

Visitors Participating in Special Programs for Students

On any special program related to postsecondary opportunities, MISD attends a local district's event. The district invites representatives from colleges and universities and other higher education institutions, prospective employers, and military recruiters to present information to interested students.

VOLUNTEERS

We appreciate so much the efforts of parent and grandparent volunteers that are willing to serve our district and students. If you are interested in volunteering, please contact the principal for more information and to complete an application.

VOTER REGISTRATION

A student who is eligible to vote in any local, state, or federal election may obtain a voter registration application at the main campus office.

WITHDRAWING FROM SCHOOL

A student under 18 may be withdrawn from school only by a parent. The school requests notice from the parent at least three days in advance so that records and documents may be prepared. The parent may obtain a withdrawal form from the principal's office.

On the student's last day, the withdrawal form must be presented to each teacher for current grade averages and book and equipment clearance; to the librarian to ensure a clear library record; to the clinic for health records; to the school counselor for the last report card and course clearance; and finally, to the principal. A copy of the withdrawal form will be given to the student, and a copy will be placed in the student's permanent record.

A student who is 18 or older, who is married, or who has been declared by a court to be an emancipated minor may withdraw without parental signature.

Glossary

Accelerated instruction is an intensive supplemental program designed to address the needs of an individual student in acquiring the knowledge and skills required at his or her grade level and/or as a result of a student not meeting the passing standard on a state-mandated assessment.

ACT-Aspire refers to an assessment that took the place of ACT-Plan and is designed as a preparatory and readiness assessment for the ACT. This is usually taken by students in grade 10.

ACT refers to one of the two most frequently used college or university admissions exams: the American College Test. The test may be a requirement for admission to certain colleges or universities.

ARD is the admission, review, and dismissal committee convened for each student who is identified as needing a full and individual evaluation for special education services. The eligible student and his or her parents are members of the committee.

Attendance review committee is responsible for reviewing a student's absences when the student's attendance drops below 90 percent, or in some cases 75 percent, of the days the class is offered. Under guidelines adopted by the board, the committee will determine whether there were extenuating circumstances for the absences and whether the student needs to complete certain conditions to master the course and regain credit or a final grade lost because of absences.

DAEP stands for disciplinary alternative education program, a placement for students who have violated certain provisions of the Student Code of Conduct.

EOC assessments are end-of-course tests, which are state-mandated, and are part of the STAAR program. Successful performance on EOC assessments are required for graduation. These exams will be given in English I, English II, Algebra I, Biology, and United States History.

FERPA refers to the federal Family Educational Rights and Privacy Act that grants specific privacy protections to student records. The law contains certain exceptions, such as for directory information, unless a student's parent or a student 18 or older directs the school not to release directory information.

IEP is the written record of the individualized education program prepared by the ARD committee for a student with disabilities who is eligible for special education services. The IEP contains several parts, such as a statement of the student's present educational performance; a statement of measurable annual goals, with short-term objectives; the special education and related services and supplemental aids and services to be provided, and program modifications or support by school personnel; a statement regarding how the student's progress will be measured and how the parents will be kept informed; accommodations for state or districtwide tests; whether successful completion of state-mandated assessments is required for graduation, etc.

IGC is the individual graduation committee, formed in accordance with state law, to determine a student's eligibility to graduate when the student has failed to demonstrate satisfactory performance on no more than two of the required state assessments.

ISS refers to in-school suspension, a disciplinary technique for misconduct found in the Student Code of Conduct. Although different from out-of-school suspension and placement in a DAEP, ISS removes the student from the regular classroom.

NCLB Act is the federal No Child Left Behind Act of 2001.

PGP stands for Personal Graduation Plan , which is required for high school students beginning with ninth graders in the 2014-15 school year, and for any student in middle school who fails a section on a state-mandated test or is identified by the district as not likely to earn a high school diploma before the fifth school year after he or she begins grade 9.

PSAT is the preparatory and readiness assessment for the SAT.

SAT refers to one of the two most frequently used college or university admissions exams: the Scholastic Aptitude Test. The test may be a requirement for admissions to certain colleges or universities.

SHAC stands for School Health Advisory Council, a group of at least five members, a majority of whom must be parents, appointed by the school board to assist the district in ensuring that local community values and health issues are reflected in the district’s health education instruction, along with providing assistance with other student and employee wellness issues.

Section 504 is the federal law that prohibits discrimination against a student with a disability, requiring schools to provide opportunities for equal services, programs, and participation in activities. Unless the student is determined to be eligible for special education services under the Individuals with Disabilities Education Act (IDEA), general education with appropriate instructional accommodations will be provided.

STAAR is the State of Texas Assessments of Academic Readiness, the state’s system of standardized academic achievement assessments, effective beginning with certain students for the 2011–2012 school year.

STAAR A is an accommodated version of the STAAR that is available for certain students who receive special education services or students who have been identified as dyslexic.

STAAR Alternate is an alternative state-mandated assessment designed for students with severe cognitive disabilities receiving special education services who meet the participation requirements, as determined by the student’s ARD committee.

STAAR Linguistically Accommodated (STAAR L) is an alternative state-mandated assessment with linguistic accommodations designed for certain recent immigrant English language learners.

State-mandated assessments are required of students at certain grade levels and in specified subjects. Successful performance sometimes is a condition of promotion, and passing the STAAR EOC assessments is a condition of graduation. Students have multiple opportunities to take the tests if necessary for promotion or graduation.

Student Code of Conduct is developed with the advice of the district-level committee and adopted by the board and identifies the circumstances, consistent with law, when a student may be removed from a classroom, campus, or district vehicle. It also sets out the conditions that authorize or require the principal or another administrator to place the student in a DAEP. It outlines conditions for out-of-school suspension and for expulsion. The Student Code of Conduct also addresses notice to the parent regarding a student’s violation of one of its provisions.

TELPAS stands for the Texas English Language Proficiency Assessment System, which assesses the progress that English language learners make in learning the English language, and is administered for those who meet the participation requirements in kindergarten–grade 12.

TSI assessment is the Texas Success Initiative assessment designed to measure the reading, mathematics, and writing skills that entering college-level freshmen students should have if they are to be successful in undergraduate programs in Texas public colleges and universities.

TxVSN is the Texas Virtual School Network, which provides online courses for Texas students to supplement the instructional programs of public school districts. Courses are taught by qualified instructors, and courses are equivalent in rigor and scope to a course taught in a traditional classroom setting.

UIL refers to the University Interscholastic League, the statewide voluntary nonprofit organization that oversees educational extracurricular academic, athletic, and music contests.

APPENDIX I: Freedom From Bullying Policy

Note that school board policies may be revised at any time. For legal context and the most current copy of the local policy, visit <http://pol.tasb.org>. Below is the text of MISD’s policy FFI(LOCAL) as of the date that this handbook was finalized for this school year.

STUDENT WELFARE: FREEDOM FROM BULLYING

FFI(LOCAL)

Adopted on 2/17/2012

Note: This policy addresses bullying of District students. For provisions regarding discrimination and harassment involving District students, see FFH. Note that FFI shall be used in conjunction with FFH for certain prohibited conduct. For reporting requirements related to child abuse and neglect, see FFG.

BULLYING
PROHIBITED

The District prohibits bullying as defined by this policy. Retaliation against anyone involved in the complaint process is a violation of District policy and is prohibited.

DEFINITION

Bullying occurs when a student or group of students engages in written or verbal expression, expression through electronic means, or physical conduct that occurs on school property, at a school-sponsored or school-related activity, or in a vehicle operated by the District and that:

1. Has the effect or will have the effect of physically harming a student, damaging a student’s property, or placing a student in reasonable fear of harm to the student’s person or of damage to the student’s property; or
2. Is sufficiently severe, persistent, and pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student.

This conduct is considered bullying if it:

1. Exploits an imbalance of power between the student perpetrator and the student victim through written or verbal expression or physical conduct; and
2. Interferes with a student’s education or substantially disrupts the operation of a school.

EXAMPLES

Bullying of a student may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, or ostracism.

RETALIATION	The District prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, serves as a witness, or participates in an investigation.
EXAMPLES	Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.
FALSE CLAIM	A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding bullying shall be subject to appropriate disciplinary action.
TIMELY REPORTING	Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the District's ability to investigate and address the prohibited conduct.
REPORTING PROCEDURES	To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, counselor, principal, or other District employee.
STUDENT REPORT	
EMPLOYEE REPORT	Any District employee who suspects or receives notice that a student or group of students has or may have experienced bullying shall immediately notify the principal or designee.
REPORT FORMAT	A report may be made orally or in writing. The principal or designee shall reduce any oral reports to written form.
PROHIBITED CONDUCT	The principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or discrimination on the basis of race, color, religion, gender, national origin, or disability. If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determination on each type of conduct.
INVESTIGATION OF REPORT	The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bullying during the course of an investigation, if appropriate.
CONCLUDING THE INVESTIGATION	Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary to complete a thorough investigation.
	The principal or designee shall prepare a final, written report of the investigation. The report shall include a determination of whether

	bullying occurred, and if so, whether the victim used reasonable self-defense. A copy of the report shall be sent to the Superintendent or designee.
NOTICE TO PARENTS	If an incident of bullying is confirmed, the principal or designee shall promptly notify the parents of the victim and of the student who engaged in bullying.
DISTRICT ACTION BULLYING	If the results of an investigation indicate that bullying occurred, the District shall promptly respond by taking appropriate disciplinary action in accordance with the District's Student Code of Conduct and may take corrective action reasonably calculated to address the conduct.
DISCIPLINE	A student who is a victim of bullying and who used reasonable self-defense in response to the bullying shall not be subject to disciplinary action. The discipline of a student with a disability is subject to applicable state and federal law in addition to the Student Code of Conduct.
CORRECTIVE ACTION	Examples of corrective action may include a training program for the individuals involved in the complaint, a comprehensive education program for the school community, follow-up inquiries to determine if any new incidents or any instances of retaliation have occurred, involving parents and students in efforts to identify problems and improve the school climate, increasing staff monitoring of areas where bullying has occurred, and reaffirming the District's policy against bullying.
TRANSFERS	The principal or designee shall refer to FDB for transfer provisions.
COUNSELING	The principal or designee shall notify the victim, the student who engaged in bullying, and any students who witnessed the bullying of available counseling options.
IMPROPER CONDUCT	If the investigation reveals improper conduct that did not rise to the level of prohibited conduct or bullying, the District may take action in accordance with the Student Code of Conduct or any other appropriate corrective action.
CONFIDENTIALITY	To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.
APPEAL	A student who is dissatisfied with the outcome of the investigation may appeal through FNG(LOCAL), beginning at the appropriate level.
RECORDS RETENTION	Retention of records shall be in accordance with CPC(LOCAL).
ACCESS TO POLICY AND PROCEDURES	This policy and any accompanying procedures shall be distributed annually in the employee and student handbooks. Copies of the

policy and procedures shall be posted on the District's Web site, to the extent practicable, and shall be readily available at each campus and the District's administrative offices.

MARTINSVILLE ISD

STUDENT CODE OF CONDUCT

The Code provides methods and options for managing students in the classroom and on school grounds, disciplining students, and preventing and intervening in student discipline problems. The law requires the district to define misconduct that may—or must— result in a range of specific disciplinary consequences including removal from a regular classroom or campus, suspension, placement in a disciplinary alternative education program (DAEP), or expulsion from school.

This Code provides information to parents and students regarding standards of conduct, consequences of misconduct, and procedures for administering discipline. In accordance with state law, the Code will be posted at each school campus or will be available for review at the office of the campus principal. Parents will be notified of any conduct violation that may result in a student being suspended, placed in a DAEP, or expelled. Because the district’s board of trustees adopts the Student Code of Conduct it has the force of policy; therefore, in case of conflict between the Code and the student handbook, the Code will prevail.

School District Authority and Jurisdiction

School rules and the authority of the district to administer discipline apply whenever the interest of the district is involved, on or off school grounds, in conjunction with or independent of classes and school-sponsored activities.

The district has disciplinary authority over a student:

1. During the regular school day and while the student is going to and from school on district transportation;
2. During lunch periods in which a student is allowed to leave campus;
3. While the student is in attendance at any school-related activity, regardless of time or location;
4. For any school-related misconduct, regardless of time or location;
5. When retaliation against a school employee or volunteer occurs or is threatened, regardless of time or location;
6. When criminal mischief is committed on or off school property or at a school-related event;
7. For certain offenses committed within 300 feet of school property as measured from any point on the school’s real property boundary line;
8. For certain offenses committed while on school property or while attending a school-sponsored or school-related activity of another district in Texas; and
9. When the student commits a felony, as provided by Texas Education Code 37.006 or 37.0081.

The district has the right to search a vehicle driven to school by a student and parked on school property whenever there is reasonable cause to believe it contains articles or materials prohibited by the district. The district has the right to search a student’s locker when there is reasonable cause to believe it contains articles or materials prohibited by the district. School administrators

will report crimes as required by law and will call local law enforcement when an administrator suspects that a crime has been committed on campus.

Behavioral Expectations

Each student is expected to:

1. Demonstrate courtesy and respect for the rights of other students and district staff. Student respect and cooperation for the property of others, district property and facilities, is essential to maintain safety, order, and discipline.
2. Attend all classes regularly and on time, being prepared for each class, and bring appropriate materials and assignments to class. Students are to stay in class and may not leave without permission.
3. Be well groomed and appropriately dressed for school every day.

**Non-compliance could result in disciplinary action.*

General Conduct Violations

The categories of conduct below are prohibited at school and all school related activities, but the list does not include the most serious offenses. In the subsequent sections on Suspension, DAEP Placement, and Expulsion, severe offenses that require or permit specific consequences are listed. Any offense, however, may be serious enough to result in Removal from the Regular Educational Setting as detailed in that section.

The district prohibits the following:

- Failing to comply with directives given by school personnel (insubordination).
- Leaving school grounds or school-sponsored events without permission.
- Skipping class but remaining on campus.
- Being tardy to class.
- Failure to identify.
- Disobeying rules for conduct on school buses.
- Refusing to accept discipline management techniques assigned by a teacher or principal.
- Using profanity or vulgar language or making obscene gestures.
- Fighting or scuffling. (For assault see DAEP Placement and Expulsion)
- Threatening another student or district employee on or off school property.
- Engaging in bullying, harassment, and making hit lists.
- Engaging in conduct that constitutes sexual harassment or sexual abuse, whether by word, gesture, or any other conduct, including requests for sexual favors directed toward another student or a district employee.
- Engaging in inappropriate or indecent exposure of private body parts.
- Hazing.
- Causing an individual to act through the use of or threat of force (coercion).
- Committing extortion or blackmail (obtaining money or an object of value from an unwilling person).
- Engaging in inappropriate verbal, physical, or sexual conduct directed toward another student or a district employee.
- Damaging or vandalizing property owned by others. (For felony criminal mischief see DAEP Placement or Expulsion)
- Littering or leaving cafeteria trash.
- Defacing or damaging school property—including textbooks, lockers, furniture, and other equipment—with graffiti or by other means.

- Stealing from students, staff, or the school.
- Committing or assisting in a robbery or theft even if it does not constitute a felony according to the Texas Penal Code. (For felony robbery and theft see DAEP Placement and Expulsion)
- Possessing or using:
 - Fireworks of any kind, smoke/stink bombs, or any other pyrotechnic device;
 - A razor, box cutter, chain, needle, syringe, or any other object used in a way that threatens or inflicts bodily injury to another person;
 - A “look-alike” weapon; an air gun or BB gun; ammunition;
 - A stun gun or shocking device;
 - A pocketknife;
 - Mace or pepper spray;
 - Pornographic material;
 - Tobacco products; matches or a lighter;
 - A laser pointer for other than an approved use; or
 - Any articles not generally considered to be weapons, including school supplies, when the principal or designee determines that a danger exists. (For weapons and firearms see DAEP Placement and Expulsion)
- Possessing a cellular telephone or other telecommunications device at school or at a school-related or school-sponsored event unless an exception is granted by the principal for extenuating circumstances.
- Possessing or selling seeds or pieces of marijuana in less than a usable amount. (For illegal drugs, alcohol, and inhalants see DAEP Placement and Expulsion)
- Possessing, using, giving, or selling paraphernalia related to any prohibited substance.
- Possessing or selling look-alike drugs or items attempted to be passed off as drugs or contraband.
- Abusing the student’s own prescription drug, giving a prescription drug to another student, or possessing or being under the influence of another person’s prescription drug on school property or at a school related event.
- Having or taking prescription drugs or over-the-counter drugs at school other than as provided by district policy.
- Violating computer use policies, rules, or agreements signed by the student and/or agreements signed by the student’s parent.
- Using the Internet or other electronic communications to threaten students or employees or cause disruption to the educational program.
- Sending or posting electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another’s reputation, or illegal.
- Using e-mail or Web sites at school to encourage illegal behavior or threaten school safety.
 - Possessing published or electronic material that is designed to promote or encourage illegal behavior or that could threaten school safety.
- Engaging in verbal (oral or written) exchanges that threaten the safety of another student, a school employee, or school property.
- Making false accusations or perpetrating hoaxes regarding school safety.
- Engaging in any conduct that school officials might reasonably believe will substantially disrupt the school program or incite violence.

- Throwing objects that can cause bodily injury or property damage.
- Discharging a fire extinguisher without valid cause.
- Violating dress and grooming standards as communicated in the student handbook.
- Cheating or copying the work of another.
- Gambling.
- Falsifying records, passes, or other school-related documents.
- Engaging in actions or demonstrations that substantially disrupt or materially interfere with school activities.
- Inappropriate public displays of affection.
- Violating extracurricular standards of behavior.
- Sleeping in class or the appearance of sleeping in class.
- Repeatedly violating other communicated campus or classroom standards of conduct.

The district may impose campus or classroom rules in addition to those found in the Code. These rules may be posted in classrooms or given to the student and may or may not constitute violations of the Code.

Students with Disabilities

In accordance with the Education Code, a student who is enrolled in a special education program may not be disciplined for conduct meeting the definition of bullying, harassment, or making hit lists until an ARD committee meeting has been held to review the conduct. In deciding whether to order suspension, DAEP placement, or expulsion the district will take into consideration a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct.

Discipline Management Techniques

Discipline will be designed to improve conduct and to encourage students to adhere to their responsibilities as members of the school community. Disciplinary action will draw on the professional judgment of teachers and administrators and on a range of discipline management techniques. Discipline will be correlated to the seriousness of the offense, the student's age and grade level, the frequency of misbehavior, the student's attitude, the effect of the misconduct on the school environment, and statutory requirements.

Because of these factors, discipline for a particular offense (unless otherwise specified by law) may bring into consideration varying techniques and responses. The discipline of students with disabilities is subject to applicable state and federal law in addition to the Student Code of Conduct. To the extent any conflict exists, state and/or federal law will prevail.

The following discipline management techniques may be used—alone or in combination—for behavior prohibited by the Student Code of Conduct or by campus or classroom rules:

- Verbal (oral or written) correction.
- Cooling-off time
- Seating changes within the classroom.
- Assignment of school duties.
- Temporary confiscation of items that disrupt the educational process.
- Rewards or demerits.
- Behavioral contracts.

- Counseling by teachers, counselors, or administrative personnel.
- Parent-teacher conferences.
- Grade reductions as permitted by policy.
- Detention.
- Sending the student to the office or other assigned area, or to in-school suspension.
- Assignment of school duties such as cleaning or picking up litter.
- Withdrawal of privileges, such as participation in extracurricular activities, eligibility for seeking and holding honorary offices, or membership in school-sponsored clubs and organizations.
- Penalties identified in individual student organizations' extracurricular standards of behavior.
- Withdrawal or restriction of bus privileges.
- School-assessed and school-administered probation.
- Corporal punishment.
- Ticket.
- Confiscation of materials.
- In-school suspension.
- Out-of-school suspension, as specified in the Suspension section of this Code.
- Placement in a DAEP, as specified in the DAEP section of this Code.
- Expulsion, as specified in the Expulsion section of this Code.
- Referral to an outside agency or legal authority for criminal prosecution in addition to disciplinary measures imposed by the district.
- Other strategies and consequences as determined by school officials. The principal or appropriate administrator will notify a student's parent by phone or in writing of any violation that may result in a suspension, placement in a DAEP, or expulsion. Notification will be made within three school days after the administrator becomes aware of the violation.

Notification

The principal or appropriate administrator will notify a student's parent by phone or in writing of any violation that may result in a suspension, placement in a DAEP, or expulsion. Notification will be made within three school days after the administrator becomes aware of the violation.

Appeals

Parental questions or complaints regarding disciplinary measures should be addressed to the teacher or campus administration, as appropriate, and in accordance with policy FNG (LOCAL). A copy of the policy may be obtained from the principal's office or the central administration office.

Consequences will not be deferred pending the outcome of a grievance.

Removal from Regular Educational Setting

In addition to other discipline management techniques, misconduct may result in removal from the regular educational setting in the form of a routine referral or a formal removal. A routine

referral occurs when a teacher sends a student to the principal's office as a discipline management technique. The principal may then employ additional techniques.

Routine Referral

A teacher or administrator **may** remove a student from class for a behavior that violates this Code to maintain effective discipline in the classroom. A teacher **may** also initiate a formal removal from class if:

Formal Removal

1. The student's behavior has been documented by the teacher as repeatedly interfering with the teacher's ability to teach his or her class; or
2. The behavior is so unruly, disruptive, or abusive that the teacher cannot teach, and the students in the classroom cannot learn.

A teacher or administrator **must** remove a student from class if the student engages in behavior that under the Education Code requires or permits the student to be placed in a DAEP or expelled. When removing for those reasons, the procedures in the subsequent sections on DAEP or expulsion will be followed. Otherwise, within three school days of the formal removal, the appropriate administrator will schedule a conference with the student's parent; the student; the teacher, in the case of removal by a teacher; and any other administrator. At the conference, the appropriate administrator will inform the student of the misconduct for which he or she is charged and the consequences. The administrator will give the student an opportunity to give his or her version of the incident.

When a teacher removes a student from the regular classroom and a conference is pending, the principal may place the student in:

- Another appropriate classroom
- In-school suspension
- Out-of-school suspension
- DAEP

When a student has been formally removed from class by a teacher for conduct against the teacher containing the elements of assault, aggravated assault, sexual assault, aggravated sexual assault, murder, capital murder, or criminal attempt to commit murder or capital murder, the student may not be returned to the teacher's class without the teacher's consent.

Returning Student to Classroom

When a student has been formally removed by a teacher for any other conduct, the student may be returned to the teacher's class without the teacher's consent, if the placement review committee determines that the teacher's class is the best or only alternative available.

Suspension

Students may be suspended for any behavior listed in the Code as a general conduct violation, DAEP offense, or expellable offense.

Misconduct

In deciding whether to order suspension, the district will take self-defense into consideration. State law allows a student to be suspended for no more than three school days per behavior violation, with no limit on the number of times a student may be suspended in a semester or school year.

Process

Before being suspended a student will have an informal conference with the appropriate administrator who shall advise the student of the conduct of which he or she is accused. The student will be given the opportunity to explain his or her version of the incident before the administrator's decision is made. The number of days of a student's suspension will be determined by the appropriate administrator, but will not exceed three school days. The appropriate administrator will determine any restrictions on participation in school-sponsored or school-related extracurricular and cocurricular activities.

Disciplinary Alternative Education Program (DAEP) Placement

A student who is expelled for an offense that otherwise would have resulted in a DAEP placement does not have to be placed in DAEP in addition to the expulsion.

Discretionary Placement: Misconduct That May Result in DAEP Placement

In deciding whether to order placement in a DAEP, the district will take self defense into consideration. A student **may** be placed in a DAEP for behaviors prohibited in the General Conduct Violations section of this Code.

General Misconduct

In accordance with state law, a student **may** be placed in a DAEP for any one of the following offenses:

Misconduct Identified in State Law:

- Involvement in gang activity, including participating as a member or pledge, or soliciting another person to become a pledge or member of a gang.
- Involvement in a public school fraternity, sorority, or secret society, including participating as a member or pledge, or soliciting another person to become a pledge or member of a public school fraternity, sorority, or secret society.
- Any criminal mischief, including a felony.

In accordance with state law, a student **may** be placed in a DAEP if the superintendent or the superintendent's designee has reasonable belief that the student has engaged in conduct punishable as a felony, other than those listed as offenses involving injury to a person in Title 5 of the Texas Penal Code, that occurs off school property and not at a school-sponsored or school-related event, if the student's presence in the regular classroom threatens the safety of other students or teachers or will be detrimental to the educational process.

The appropriate administrator **may**, but is not required to, place a student in a DAEP for off-campus conduct for which DAEP placement is required by state law if the administrator does not have knowledge of the conduct before the first anniversary of the date the conduct occurred. Unless removal is otherwise required by one of the reasons below, in accordance with Education Code 37.0081, a student **may** be placed in a DAEP after an opportunity for a hearing before the board of trustees or its designee, if:

Certain Felonies

- The student receives deferred prosecution for conduct defined as a felony offense in Title 5 (see glossary) of the Texas Penal Code, or
- The student has been found by a court to have engaged in delinquent conduct for conduct defined as a felony offense in Title 5 of the Texas Penal Code.
The board or the board's designee must determine that the student's presence in the regular classroom:
 1. Threatens the safety of other students or teachers,
 2. Will be detrimental to the educational process, or
 3. Is not in the best interest of the district's students.

A student's placement in the DAEP as a result of receiving deferred prosecution or delinquent conduct, as described above, may occur regardless of:

1. The date on which the student's conduct occurred,
2. The location at which the conduct occurred,
3. Whether the conduct occurred while the student was enrolled in the district, or
4. Whether the student has successfully completed any court disposition requirements imposed in connection with the conduct.

Mandatory Placement: Misconduct That Requires DAEP Placement

A student **must** be placed in a DAEP if the student:

- Engages in conduct relating to a false alarm or report (including a bomb threat) or a terroristic threat involving a public school.
- Commits the following offenses on school property or within 300 feet of school property as measured from any point on the school's real property boundary line, or while attending a school-sponsored or school-related activity on or off school property:
 - Engages in conduct punishable as a felony.
 - Commits an assault under Penal Code 22.01(a)(1).
 - First Offense-Sells, gives, or delivers to another person, or possesses, uses, or is under the influence of marijuana, a controlled substance, or a dangerous drug in an amount not constituting a felony offense. (School-related felony drug offenses are addressed in the Expulsion section.)
 - First Offense-Sells, gives, or delivers to another person an alcoholic beverage; commits a serious act or offense while under the influence of alcohol; or possesses, uses, or is under the influence of alcohol, if the conduct is not punishable as a felony offense. (School-related felony alcohol offenses are addressed in the Expulsion section.)
 - First Offense-Behaves in a manner that contains the elements of an offense relating to abusable volatile chemicals.
 - Behaves in a manner that contains the elements of the offense of public lewdness or indecent exposure.

- Engages in expellable conduct and is between six and nine years of age.
- Engages in conduct that contains the elements of the offense of retaliation against any school employee or volunteer on or off school property. (Committing retaliation in combination with another expellable offense is addressed in the Expulsion section of this Code.)
- Engages in conduct punishable as a felony listed under Title 5 of the Texas Penal Code when the conduct occurs off school property and not at a school-sponsored or school-related event and:
 1. The student receives deferred prosecution
 2. A court or jury finds that the student has engaged in delinquent, or
 3. The superintendent or designee has a reasonable belief that the student engaged in the conduct.

If a student has been convicted of or placed on deferred adjudication for sexual assault or aggravated sexual assault against another student on the same campus, and if the victim or the victim's parents request that the board transfer the offending student to another campus, the offending student shall be transferred to another campus in the district. If there is no other campus in the district serving the grade level of the offending student, the offending student will be transferred to a DAEP.

Sexual Assault and Campus Assignments

In an emergency, the principal or the principal's designee may order the immediate placement of a student in a DAEP for any reason for which placement in a DAEP may be made on a nonemergency basis.

Emergencies

The campus principal or appropriate administrator will make removals to a DAEP.

Process

When a student is removed from class for a DAEP offense, the appropriate administrator will schedule a conference within three school days with the student's parent, the student, and the teacher, in the case of a teacher removal.

At the conference, the appropriate administrator will inform the student, orally or in writing, of the reasons for the removal and will give the student an explanation of the basis for the removal and an opportunity to respond to the reasons for the removal.

Following valid attempts to require attendance, the district may hold the conference and make a placement decision regardless of whether the student or the student's parents attend the conference.

Placement Order

After the conference, if the student is placed in the DAEP, the appropriate administrator will write a placement order. A copy of the DAEP placement order will be sent to the student and the student's parent. Not later than the second business day after the conference, the board's designee will deliver to the juvenile court a copy of the placement order and all information required by Section 52.04 of the Family Code. If the student is placed in the DAEP and the length of placement is inconsistent with the guidelines included in this Code, the placement order

will give notice of the inconsistency. The campus principal or appropriate administrator will determine the duration of a student's placement in a DAEP.

Length of Placement

The duration of a student's placement will be determined on a case-by-case basis. DAEP placement will be correlated to the seriousness of the offense, the student's age and grade level, the frequency of misconduct, the student's attitude, and statutory requirements.

The maximum period of DAEP placement shall be one calendar year except as provided below.

Exceeds One Year

Placement in a DAEP may exceed one year when a review by the district determines that:

1. The student is a threat to the safety of other students or to district employees, or
2. Extended placement is in the best interest of the student.

The statutory limitations on the length of a DAEP placement do not apply to a placement resulting from the board's decision to place a student who engaged in the sexual assault of another student in a DAEP so that the students are not assigned to the same campus.

Exceeds School Year

Students who commit offenses requiring placement in a DAEP at the end of one school year may be required to continue that placement at the start of the next school year to complete the assigned term of placement.

For placement in a DAEP to extend beyond the end of the school year, the Board or the appropriate administrator must determine that:

1. The student's presence in the regular classroom or campus presents a danger of physical harm to the student or others, or
2. The student has engaged in serious or persistent misbehavior that violates the district's Code.

Exceeds 60 Days

For placement in a DAEP to extend beyond 60 days or the end of the next grading period, whichever is sooner, a student's parent will be given notice and the opportunity to participate in a proceeding before the board or the board's designee.

Appeals

Questions or complaints from parents regarding disciplinary measures should be addressed to the campus administration, in accordance with policy FNG (LOCAL). A copy of this policy may be obtained from the principal's office or the central administration office.

Disciplinary consequences will not be deferred pending the outcome of an appeal. The decision to place a student in a DAEP cannot be appealed beyond the board.

Restrictions during Placement

The district does not permit a student who is placed in a DAEP to participate in any school-sponsored or school-related extracurricular or cocurricular activity including seeking or holding honorary positions and/or membership in school-sponsored clubs and organizations.

For seniors who are eligible to graduate and are assigned to a DAEP at the time of graduation, the last day of placement in the program will be the last instructional day, and the student will be allowed to participate in the graduation ceremony and related graduation activities unless otherwise specified in the DAEP placement order.

Placement Review

A student placed in a DAEP will be provided a review of his or her status, including academic status, by the Board or appropriate administrator at intervals not to exceed 120 days. In the case of a high school student, the student's progress toward graduation and the student's graduation plan will also be reviewed. At the review, the student or the student's parent will be given the opportunity to present arguments for the student's return to the regular classroom or campus. The student may not be returned to the classroom of a teacher who removed the student without that teacher's consent.

Additional Misconduct

If during the term of placement in a DAEP the student engages in additional conduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted, and the appropriate administrator may enter an additional disciplinary order as a result of those proceedings.

Notice of Criminal Proceedings

The office of the prosecuting attorney will notify the district if a student was placed in a DAEP for certain offenses including any felony, unlawful restraint, indecent exposure, assault, deadly conduct, terroristic threats, organized crime, certain drug offenses, or possession of a weapon, and:

1. Prosecution of a student's case was refused for lack of prosecutorial merit or insufficient evidence and no formal proceedings, deferred adjudication, or deferred prosecution will be initiated; or
2. The court or jury found a student not guilty, or made a finding that the student did not engage in delinquent conduct or conduct indicating a need for supervision, and the case was dismissed with prejudice.

If a student was placed in a DAEP for such conduct, on receiving the notice from the prosecutor, the superintendent or designee will review the student's placement and schedule a review with the student's parent not later than the third day after the superintendent or designee receives notice from the prosecutor. The student may not be returned to the regular classroom pending the review.

After reviewing the notice and receiving information from the student's parent, the superintendent or designee may continue the student's placement if there is reason to believe that the presence of the student in the regular classroom threatens the safety of other students or teachers.

The student or the student's parent may appeal the superintendent's decision to the board. The student may not be returned to the regular classroom pending the appeal. In the case of an appeal, the board will, at the next scheduled meeting, review the notice from the prosecutor and receive information from the student, the student's parent, and the superintendent or designee, and confirm or reverse the decision of the superintendent or designee. The board will make a record of the proceedings.

If the board confirms the decision of the superintendent or designee, the student and the student's parent may appeal to the Commissioner of Education. The student may not be returned to the regular classroom pending the appeal.

Withdrawal during Process

When a student violates the district's Code in a way that requires or permits the student to be placed in a DAEP and the student withdraws from the district before a placement order is completed, the district may complete the proceedings and issue a placement order. If the student then reenrolls in the district during the same or a subsequent school year, the district may enforce the order at that time, less any period of the placement that has been served by the student during enrollment in another district.

If the appropriate administrator or the board fails to issue a placement order after the student withdraws, the next district in which the student enrolls may complete the proceedings and issue a placement order

Newly Enrolled Students

A student assigned to a DAEP in an open-enrollment charter school or another district, including a district in another state (if the behavior committed is a reason for DAEP placement in the receiving district), at the time he or she enrolls in the district will be placed directly into the district's DAEP.

If the student was placed in a DAEP by a school district in another state for a period that exceeds one year, this district, by state law, will reduce the period of the placement so that the total placement does not exceed one year. After a review, however, the placement may be extended beyond a year if the district determines that the student is a threat to the safety of other students or employees or the extended placement is in the best interest of the student.

Emergency Placement

When an emergency placement occurs, the student will be given oral notice of the reason for the action. Not later than the tenth day after the date of the placement, the student will be given the appropriate conference required for assignment to a DAEP.

Expulsion

In deciding whether to order expulsion, the district will take self-defense into consideration.

Discretionary Expulsion: Misconduct That May Result in Expulsion

A student **may** be expelled for engaging in the following no matter where it takes place:

- Conduct that contains the elements of assault under Penal Code 22.01 (a)(1) in retaliation against a school employee or volunteer.
- Criminal mischief, if punishable as a felony.
- Engaging in conduct that contains the elements of one of the following offenses against another student, without regard to where the conduct occurs:
 - Aggravated assault.
 - Sexual assault.
 - Aggravated sexual assault.
 - Murder.
 - Capital murder.

- Criminal attempts to commit murder or capital murder.
- Aggravated robbery.
- Engaging in conduct relating to a false alarm or report (including a bomb threat) or a terroristic threat involving a public school.

At School, Within 300 Feet, or at School Event:

- Committing any of the following offenses on or within 300 feet of school property, as measured from any point on the school’s real property boundary line, or while attending a school-sponsored or school-related activity on or off school property:
- Engaging in conduct that contains the elements of assault under Section 22.01(a)(1) against an employee or a volunteer.
- Engaging in deadly conduct.

Within 300 Feet of School

- Engaging in the following conduct while within 300 feet of school property, as measured from any point on the school’s real property boundary line:
- Aggravated assault, sexual assault, or aggravated sexual assault.
- Arson.
- Murder, capital murder, or criminal attempt to commit murder or capital murder.
- Indecency with a child, aggravated kidnapping, manslaughter, criminally negligent homicide, or aggravated robbery.
- Felony drug- or alcohol-related offense.
- Use, exhibition, or possession of a firearm (as defined by state law), an illegal knife, a club, or prohibited weapon, or possession of a firearm (as defined by federal law).

Property of Another District

- Committing any offense that is a state-mandated expellable offense if the offense is committed on the property of another district in Texas or while the student is attending a school-sponsored or school-related activity of a school in another district in Texas.

While in DAEP

- Engaging in serious offenses or persistent misbehavior that violates the district’s Code, while placed in a DAEP.

Mandatory Expulsion: Misconduct That Requires Expulsion

A student **must** be expelled for any of the following offenses that occur on school property or while attending a school-sponsored or school-related activity on or off school property:

Federal Law:

- Bringing to school a firearm, as defined by federal law. “Firearm” under federal law includes:
 - Any weapon (including a starter gun) that will, is designed to, or may readily be converted to expel a projectile by the action of an explosive.
 - The frame or receiver of any such weapon.
 - Any firearm muffler or firearm weapon.
 - Any destructive device, such as any explosive, incendiary or poison gas bomb, or grenade.

Texas Penal Code:

- Using, exhibiting, or possessing the following, as defined by the Texas Penal Code:
 - A firearm (any device designed, made, or adapted to expel a projectile through a barrel by using the energy generated by an explosion or burning substance or any device readily convertible to that use).

- An illegal knife, such as a knife with a blade over 5½ inches; hand instrument, designed to cut or stab another by being thrown; dagger, including but not limited to a dirk, stiletto, and poniard; bowie knife; sword; or spear.
- A club such as an instrument specially designed, made, or adapted for the purpose of inflicting serious bodily injury or death by striking a person with the instrument, including a blackjack, nightstick, mace, and tomahawk.
- A prohibited weapon, such as an explosive weapon, a machine gun, a short-barrel firearm, a firearm silencer, a switchblade knife, knuckles, armor-piercing ammunition, a chemical dispensing device, or a zip gun.
- Behaving in a manner that contains elements of the following offenses under the Texas Penal Code:
 - Aggravated assault, sexual assault, or aggravated sexual assault.
 - Arson.
 - Murder, capital murder, or criminal attempt to commit murder or capital murder.
 - Indecency with a child.
 - Aggravated kidnapping.
 - Aggravated robbery.
 - Manslaughter.
 - Criminally negligent homicide.
 - Behavior punishable as a felony that involves selling, giving, or delivering to another person, or possessing, using, or being under the influence of marijuana, a controlled substance, a dangerous drug, or alcohol; or committing a serious act or offense while under the influence of alcohol.
 - Retaliation against a school employee combined with one of the above-listed offenses on or off school property or at a school related activity.

At School, Within 300 Feet, or at School Event

- Committing any of the following offenses on or within 300 feet of school property, as measured from any point on the school’s real property boundary line, or while attending a school-sponsored or school-related activity on or off school property:
 - Second Offense-Selling, giving, or delivering to another person, or possessing, using, or being under the influence of marijuana, a controlled substance, or a dangerous drug, if the conduct is not punishable as a felony.
 - Second Offense-Selling, giving, or delivering to another person, or possessing, using, or being under the influence of alcohol; or committing a serious act or offense while under the influence of alcohol, if the conduct is not punishable as a felony.
 - Second Offense-Engaging in conduct that contains the elements of an offense relating to abusable volatile chemicals.

Under Age Ten

When a student under the age of ten engages in behavior that is expellable behavior, the student will not be expelled, but will be placed in a DAEP. A student under age six will not be removed from class or placed in a DAEP unless the student commits a federal firearm offense.

Emergency

In an emergency, the principal or the principal's designee may order the immediate expulsion of a student for any reason for which expulsion **may** be made on a non-emergency basis.

Process

If a student is believed to have committed an expellable offense, the principal or other appropriate administrator will schedule a hearing within a reasonable time. The student's parent will be invited in writing to attend the hearing.

Until a hearing can be held, the principal may place the student in:

- Another appropriate classroom
- In-school suspension
- Out-of-school suspension
- DAEP

Hearing

A student facing expulsion will be given a hearing with appropriate due process. The student is entitled to:

1. Representation by the student's parent or another adult who can provide guidance to the student and who is not an employee of the district,
2. An opportunity to testify and to present evidence and witnesses in the student's defense, and
3. An opportunity to question the district's witnesses.

After providing notice to the student and parent of the hearing, the district may hold the hearing regardless of whether the student or the student's parent attends.

The board of trustees delegates to the Superintendent or other appropriate administrator authority to conduct hearings and expel students.

Board Review of Expulsion

After the due process hearing, the expelled student may request that the board review the expulsion decisions. The student or parent must submit a written request to the superintendent within seven days after receipt of the written decision. The superintendent must provide the student or parent written notice of the date, time, and place of the meeting at which the board will review the decision.

The board will review the record of the expulsion hearing in a closed meeting unless the parent requests in writing that the matter be held in an open meeting. The board may also hear a statement from the student or parent and from the board's designee.

The board will hear statements made by the parties at the review and will base its decision on evidence reflected in the record and any statements made by the parties at the review. The board will make and communicate its decision orally at the conclusion of the presentation.

Consequences will not be deferred pending the outcome of the hearing.

Expulsion Order

After the due process hearing, if the student is expelled, the board or its designee will deliver to the student and the student's parent a copy of the order expelling the student.

Not later than the second business day after the hearing, the Board's designee will deliver to the juvenile court a copy of the expulsion order and the information required by Section 52.04 of the Family Code.

If the length of the expulsion is inconsistent with the guidelines included in the Student Code of Conduct, the expulsion order will give notice of the inconsistency.

Length of Expulsion

The length of an expulsion will be correlated to the seriousness of the offense, the student's age and grade level, the frequency of misbehavior, the student's attitude, and statutory requirements. The duration of a student's expulsion will be determined on a case-by-case basis. The maximum period of expulsion is one calendar year except as provided below.

An expulsion may not exceed one year unless, after review, the district determines that:

1. The student is a threat to the safety of other students or to district employees, or
2. Extended expulsion is in the best interest of the student.

State and federal law require a student to be expelled from the regular classroom for a period of at least one calendar year for bringing a firearm, as defined by federal law, to school. However, the superintendent or other appropriate administrator may modify the length of the expulsion on a case-by-case basis.

Students who commit offenses that require expulsion at the end of one school year may be expelled into the next school year to complete the term of expulsion.

Withdrawal during Process

When a student has violated the district's Code in a way that requires or permits expulsion from the district and the student withdraws from the district before the expulsion hearing takes place, the district may conduct the hearing after sending written notice to the parent and student.

If the student then reenrolls in the district during the same or subsequent school year, the district may enforce the expulsion order at that time, less any expulsion period that has been served by the student during enrollment in another district.

If the appropriate administrator or the board fails to issue an expulsion order after the student withdraws, the next district in which the student enrolls may complete the proceedings.

Additional Misconduct

If during the expulsion, the student engages in additional conduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted, and the appropriate administrator or the board may issue an additional disciplinary order as a result of those proceedings.

Restrictions during Expulsion

Expelled students are prohibited from being on school grounds or attending school-sponsored or school-related activities during the period of expulsion.

No district academic credit will be earned for work missed during the period of expulsion unless the student is enrolled in a Juvenile Justice Alternative Education Program or another district-approved program.

Newly Enrolled Students

The district will continue the expulsion of any newly enrolled student expelled from another district or an open-enrollment charter school until the period of the expulsion is completed. If a student expelled in another state enrolls in the district, the district may continue the expulsion under the terms of the expulsion order, may place the student in a DAEP for the period specified in the order, or may allow the student to attend regular classes if:

1. The out-of-state district provides the district with a copy of the expulsion order, and
2. The offense resulting in the expulsion is also an expellable offense in the district in which the student is enrolling.

If a student is expelled by a district in another state for a period that exceeds one year and the district continues the expulsion or places the student in a DAEP, the district will reduce the period of the expulsion or DAEP placement so that the entire period does not exceed one year, unless after a review it is determined that:

1. The student is a threat to the safety of other students or district employees, or
2. Extended placement is in the best interest of the student.

Emergency Expulsion

When an emergency expulsion occurs, the student will be given verbal notice of the reason for the action. Within ten days after the date of the emergency expulsion, the student will be given appropriate due process required for a student facing expulsion.

DAEP Placement of Expelled Students

The district may provide educational services to any expelled student in a DAEP; however, educational services in the DAEP must be provided if the student is less than ten years of age.
